

Portal:Rainwater harvesting

From Appropedia

Welcome to Appropedia's **rainwater** portal, free resources on rainwater harvesting and management. You can find pages on urban rainwater management, designs for rainwater catchment systems, and more.

Appropedia is a **wiki**, so you can create and edit content to share information and collaborate with others on how

we can lighten our ecological footprint and live richly, in harmony with our environment.

Featured article: Ersson rainwater harvest and purification
