## UtilityPAC Plus Instructions (8904D-02)

Please review the following information prior to submitting your order. Refer to the *UtilityPAC Plus* Statement of Work (8904B-02) for additional terms and conditions. Questions should be directed to the IBM Application Solutions Group (IBM ASG) at (303) 924-6700.

**Step 1** - Complete the bottom portion of the *UtilityPAC Plus* Statement of Work (SOW). Be sure to include all requested information.

**Note:** The *UtilityPAC Plus* SOW must be completed once per year for each customer with a unique customer number. For example, a company may have an enterprise number, and multiple, individual customer numbers. Each area having a unique customer number must have a separate, signed SOW.

**Step 2** - Complete the *UtilityPAC Plus* Order Form. The Order Form must be completed each time a request for resources is submitted. Following is a more detailed explanation of some Order Form sections:

1. **Unit Price:** The unit price is determined by the quantity to be converted in each product category, as follows:  
For 1 to 10 items in any one category (i.e. FORMDEFs) the price is \$500 (the minimum)  
For 11 to 40 items in any one category, the price is \$75 each  
For 41 or more items in any one category, the price is \$50 each

For example:

- If 1 item is ordered, the price is \$500
- If 10 items are ordered, the price is \$1000
- If 41 items are ordered, the price is \$2050 (41 x \$50)

2. **Media Type** - Specify the media and density for receipt of output. Choices include most standard tape and diskette formats.
3. **System Type** - Specify the operating system on which the output will operate (e.g. MVS, AS/400, etc.).
4. **Printer Type** - Specify all printers that will print the desired output. The IBM ASG uses this information to create output consistent with the capabilities of the printers.

**Step 3** - Send the completed Order Form and all required resources to:

IBM Printing Systems Division  
6300 Diagonal Highway, 003B  
Boulder, Colorado 80301-9191  
Attn: Application Solutions Group

### Application Performance

No performance guarantees are made. If performance is critical, additional services can be purchased to design and tune the application.

Please refer to the *UtilityPAC Plus* Order Form for specific charges for each service. A \$50.00 shipping, handling and media charge is added to each order. Prices are subject to change without notice.
