## See how the IBM 4400 thermal label printer stands up to supply chain challenges.

Every part of your supply chain, from production to shipping, has to work efficiently. Once your products are ready to be shipped, it's critical that they get where they need to go. Everything needs to fit together smoothly, including printing your labels.

Now you can help optimize your supply chain with the powerful and dependable IBM 4400 thermal label printer, which offers:

- High-quality, high-performance thermal printing in 6- and 8-inch widths
- Centralized management of distributed printers
- Rugged die-cast aluminum base for tough industrial environments
- Integrated IPDS<sup>®</sup> (Intelligent Printer Data Stream) over Twinax/Ethernet that supports 2-way communication
- Ease of use and installation

See how the IBM 4400 thermal label printer can help streamline your supply chain. For more information, please call **1 800 358-6661** option 3. If you would like to receive the IBM Thermal 4400 Information Kit, please reply on the Web at [ibm.com/printers/brc/4400](http://ibm.com/printers/brc/4400). To show our appreciation, we'll also send you a complimentary IBM Olympics gift.
