Cognos User Adoption Services

For companies deploying a new Cognos solution or going through a major upgrade, Cognos Education offers a comprehensive range of options based on your application data and business processes. We perform a detailed task analysis to develop and deliver a solution based on our customisable content, utilising our rapid authoring and deployment expertise.

These solutions can range from user manuals customising our courseware with your application data to performance support offerings and e-Learning.

Cognos E-Learning

Cognos award winning offerings are delivered in three self-paced formats to help you accelerate knowledge transfer and increase user adoption within your organisation.

Contact Cognos Education in your state for more information on the comprehensive range of e-learning titles that are available.

Cognos Onsite Training

Many customers are limited in being able to leave the office to attend training. We can arrange for a Cognos Certified Instructor to come to your site to deliver your training, allowing all departments and user types to get up to speed quickly and cost effectively. We can also tailor courses to suit your requirements. Contact us to discuss your training needs.

Cognos in the Classroom

Cognos Education is committed to delivering the highest standard of training utilising the current versions of Cognos software available to our customers. If you require training on previous versions, please contact us to ensure we offer the best solution to your training requirements.

Course prices are ex-GST and correct at time of printing. Published dates and prices are subject to change.
