

## Using Partner World to validate your IBM DB2 data server product

### 1) Visit the Ready for IBM DB2 data servers validation page hosted by Partner World

- <http://www-304.ibm.com/jct09002c/isyv/data/ready/index.html>

The screenshot shows a Microsoft Internet Explorer browser window displaying the IBM PartnerWorld website. The address bar shows the URL: <http://www-304.ibm.com/jct09002c/isyv/data/ready/index.html>. The page title is "Ready for IBM DB2 data servers validation introduction".

The website header includes the IBM logo, a "Country/region" dropdown menu, and a "Terms of use" link. Below the header is a navigation menu with links for "Home", "Products", "Services & solutions", "Support & downloads", and "My account".

The main content area is titled "IBM technical validations" and features a sub-header "Ready for IBM DB2 data servers validation". The page is divided into several sections:

- Overview**: A section titled "Ready for IBM DB2 data servers validation" explaining that it helps demonstrate commitment to quality in the IT industry. It mentions key IBM integration standards for DB2 data servers for Linux®, UNIX®, and Windows®, and DB2 for z/OS. It states that after listing a solution in the Global Solutions Directory and nominating it for validation, the results will be verified and notified.
- Validation resources**: A sidebar with two links: "Find validated solutions" and "Using validation emblems, marks, and logos".
- How to begin**: A section explaining that if you are an ISV member of PartnerWorld with a solution that interacts with DB2 at a lower level in the software stack (e.g. operating system, storage subsystem, high speed interconnect, etc.) or at a higher application level, you are eligible to participate. A link is provided to "Apply for membership as an ISV" now if needed.
- What we provide**: A section with a link to "Ready for IBM DB2 data servers validation process".

The left sidebar contains a navigation menu with categories such as "Selling resources", "Marketing resources", "Technical resources and support", "Training and certification", "Products, services and solutions", "Industries", "IBM strategies", "Order and track products", "Events", "News", "Forms and agreements", "PartnerWorld membership", and "Contact PartnerWorld".

- 2) To view the validation process outline, you must first become a Partner World Member. Click the red outlined link below to start the process.

## IBM technical validations

Overview Hardware Services Software Technologies

### Ready for IBM DB2 data servers validation

Ready for IBM DB2 data servers can help you demonstrate your commitment to quality in the IT industry and show your customers that your solution meets key IBM integration standards for DB2 data servers for Linux®, UNIX® and Windows®, and DB2 for z/OS.

After you list your solution in the Global Solutions Directory and nominate it for validation we will verify your results and notify you of the outcome.

**Ready for IBM DB2 data servers** As a validated provider, you will gain valuable exposure to clients, other IBM Business Partners and the IBM sales network.

Once your solution is validated, you can display the mark in the packaging and marketing materials of your qualified offerings. Use the Ready for IBM DB2 data servers mark to generate greater interest in your solution and help assure your customers that your solution will integrate with DB2 data server products.

#### How to begin

If you are an ISV member of PartnerWorld with a solution that interacts with DB2 at a lower level in the software stack (e.g. operating system, storage subsystem, high speed interconnect, etc.) or at a higher application level, you are eligible to participate. [Apply for membership as an ISV now](#) if needed.

[Ready for IBM DB2 data servers validation process](#)

#### What we provide

Validation resources

- Find validated solutions
- Using validation emblems, marks, and logos

- 3) When you enter the Partner World website (from the link in step 3), figure out if your company has an **IBM ID**. If you need to create an IBM ID, move to step 3a. If you have an IBM ID already then move to step 4 and register your company for a membership as an ISV.

a. Create an IBM ID

The screenshot shows a Microsoft Internet Explorer browser window titled "ISV registration for PartnerWorld - Microsoft Internet Explorer". The address bar displays the URL: <http://www-304.ibm.com/jct09002c/isv/member/register/registration.html>. The page features the IBM logo and a navigation menu with links for Home, Products, Services & solutions, Support & downloads, and My account. A search bar is located in the top right corner. The main content area is titled "Join now" and includes a sub-heading "Apply for membership as an ISV". Below this, there is a section titled "Register your company for membership" which contains a list of steps for registration. The first step, "Enter your IBM ID and password. If you do not have one, you can [create an IBM ID now](#).", is circled in red. A "Register" button is located at the bottom of the registration instructions. The browser's status bar at the bottom indicates "Internet".

IBM PartnerWorld > Why join? > Join now

## Join now

Apply for membership as an ISV

Joining PartnerWorld as an ISV is the way for you to access benefits and resources specifically designed for your business. It's easy and there is no charge!

**Register your company for membership**

When you click on the **Register** button you will be asked to:

- Enter your IBM ID and password. If you do not have one, you can [create an IBM ID now](#).
- Select your company country.
- Read and accept the IBM PartnerWorld Agreement. Some countries may be required to sign the Agreement in hardcopy format instead of electronic format. (You may read the [Agreement](#) first, before registering.)
- Complete basic company demographic information.
- Select the areas of interest for your company and for you as an individual.
- Add yourself as the primary company contact for this membership.

[Register](#)

b) Enter Information – IBM ID, password, security question, country.

When you have finished entering this information, select  Continue

IBM PartnerWorld > Registration

## PartnerWorld registration

**PartnerWorld** membership is available to ISVs who develop and sell software in the commercial marketplace. To register your company and get access to valuable information and services, complete the following steps.

- Tell us about your company
- Tell us about your business
- Add yourself as the primary contact for this membership

The fields indicated with an asterisk ( \* ) are required to complete this transaction; other fields are optional. If you do not want to provide us with the required information, please use the **Back** button on your browser to return to the previous page.

The company name entered in this form may be used in the future electronic acceptance of certain contracts. Please make sure that you use the correct legal name in the Company full legal name box.

### Tell us about your company

**Company full legal name \***

**Street address \***

  

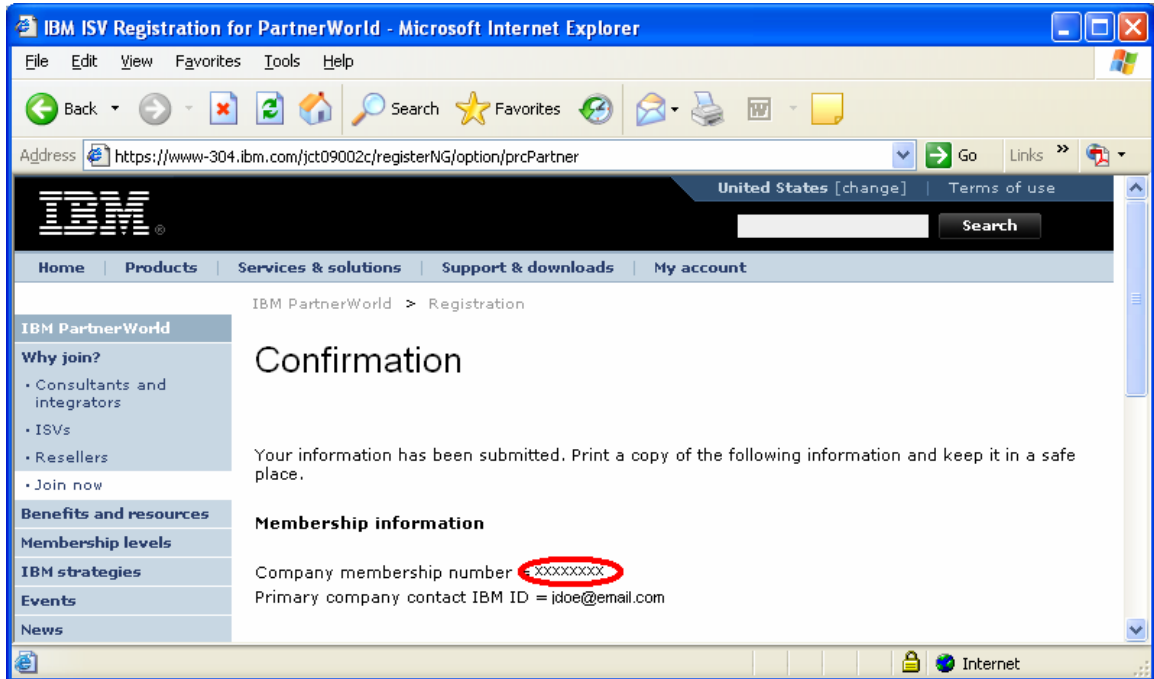

**City \***

**Country/region \***

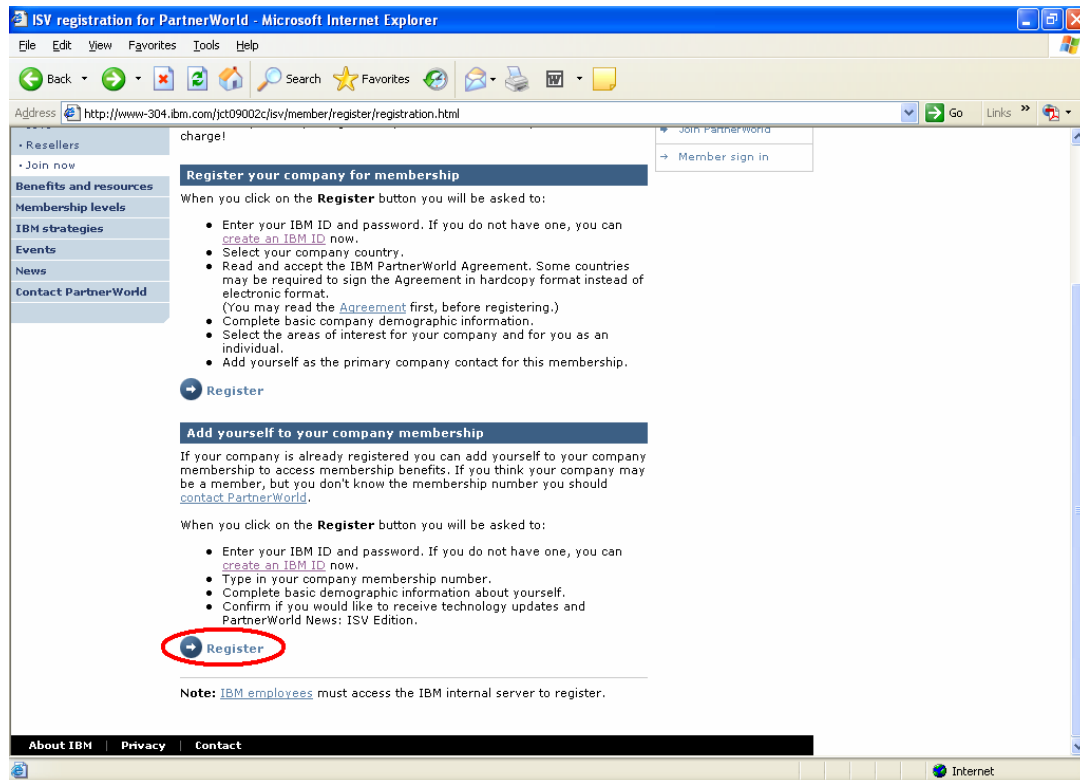

When your registration is complete, you will see your confirmation screen as below. The confirmation screen that you see will display your companies' relevant details.

**IMPORTANT:** Take note of your Company membership number. You will need it to add yourself to the company membership later

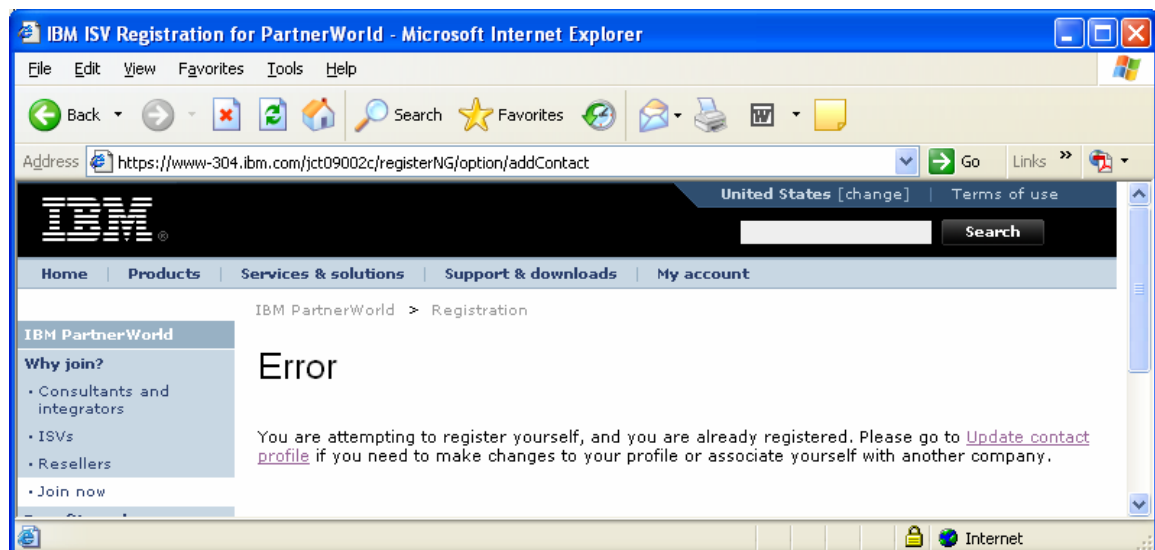

5) Add yourself to the Company Membership – Go back to the IBM PartnerWorld registration page:

<http://www-304.ibm.com/jct09002c/isv/member/register/registration.html>

6) Since you are already logged in and registered it will show an error. Just click the 'Update contact profile' link to continue

## 8) Add yourself to the company that you have registered in PartnerWorld

When you are finished, select  Submit

**Zip or postal code \***

**Telephone number(include country code/area code) \***

**Fax number (include country code/area code)**

**E-mail address \***

**About your company**

To add yourself as a contact for an ISV company membership in PartnerWorld, complete the area below.

Company membership number:

Title:

Job function(s): \*  Executive  Marketing  Technical

**Current associations**

If you want to inactivate or modify your existing contact association with a company, select the appropriate button and make the changes in the fields.

**Association 1**

You are the primary company contact for this company, so your association cannot be inactivated. If you need to inactivate this association, go to the Primary company contact menu and delegate someone else in your company as primary company contact.

Modify  No Changes

9) **IMPORTANT:** Please allow 24-48 hours from the date of PartnerWorld registration until access is granted to the Global Solutions Directory (Next step). If you would like to check the status of your application, please visit the contact PartnerWorld page:

[http://www-1.ibm.com/partnerworld/pwhome.nsf/weblook/cpw\\_index.html](http://www-1.ibm.com/partnerworld/pwhome.nsf/weblook/cpw_index.html)

Select your country and call the number provided. Press three when prompted, so that you can discuss your PartnerWorld membership. Remember to have your membership ID handy. If you are having difficulty, please ask to speak with a member of 'ISV Member Services'.

## 10) Sign into the Global Solutions Directory

<http://www-304.ibm.com/jct09002c/gsdod/logon.do>

## 11) List your solutions – Select your company and then select ‘Create and update your solutions’
