

Interested in obtaining an IBM Certificate of Achievement for IMS?

***An Invitation to Explore the
IMS Mastery Certification Program from IBM***

Take a test FREE of charge.

Come visit us at the Test Signup area of some of our upcoming conferences. We will describe the IMS Mastery Certification Program offerings and their required tests. We will also supply you with test/job role descriptions, test objectives, and preparatory courses, publications, and presentations.

You are also welcome to take at these conferences one of the tests listed below. We are pleased to offer these tests at these conferences to registered conference attendees free of charge!

- Test 101: IMS Fundamentals
- Test 103: Database Administration (Intermediate)
- Test 104: Systems Programming (Intermediate)

For your convenience, we are providing you with the opportunity to register for testing during these conferences. Signup will be at a table near the conference registration or the certification testing room.

For more information on the IMS Mastery Certification Program and upcoming conferences from IBM visit <http://www.ibm.com/ims>.
