**S82    IMS Tools from IBM— A Complete Spectrum**

*Hélène Lyon*

**Yes, IBM is in the IMS Tools business!** Since September 2000, IBM has announced a new strategy in the OS/390 Data Management Tools area for DB2 and IMS. This presentation takes you beyond the *F01–Data Management Tools for IMS* session by providing you with the technical details on the breadth and depth of the IBM IMS Tools portfolio. The information discussed in this topic is sure to help you improve your function/performance/price ratio.
