

Computer Services Corporation (CSC)

Hogan Banking Suite

Solution Description

The CSC Core Hogan Banking Suite is an integrated system designed to address the complexities and challenges faced by global financial services institutions today. The powerful processing capabilities of the system help large financial institutions meet processing deadlines and manage large volumes of transactions and data. Key applications provided by the suite include:

- Customer Information System: provides a fully customer-centric business view
- Consumer and Merchant System: for credit and debit card management and reporting
- Integrated Deposits System: a transaction accounting engine for all types of deposit products
- Integrated Loans System: for processing and reporting on nearly all types of loans
- Hogan Host Publishing: which enables e-commerce financial services transactions

Features & Benefits

- Offers greater levels of speed, flexibility and control for in-house cards processing
- Improves time-to-market for product development and launch
- Allows on-line, real-time processing
- Provides ability to support the world's largest card volumes on a single platform
- Continued investment and innovation to reduce total cost of ownership (TCO)
- SOA-enabled with IBM solutions

Value Proposition

CSC and IBM have joined forces to deliver world-class banking and card solutions that combine CSC's hands-on systems integration proficiency and deep industry knowledge with the Web-based design and open-standards-based technology of IBM software. Together, these two industry leaders offer a compelling portfolio of solutions to help today's financial services providers drive new revenue opportunities, increase productivity and deepend relationships with customers, employees, suppliers and stakeholders.

Company Description

CSC provides innovative solutions for customers around the world by applying leading technologies and CSC's own advanced capabilities. These include systems design and integration, IT and business process outsourcing, applications software development, Web and application hosting, and management consulting. The company is headquartered at El Segundo, California. For more than 49 years, while maintaining a focus on delivering innovative and practical results, CSC's experience has guided clients through the maze of constant business and technology changes.
