

Why is Local Different?

Local Search is about this

- 67% of respondents said they prefer to make purchases in Physical Stores

- 69% research products or features on line.

- 58% use the internet to locate items before going to a store to purchase

**2007 Accenture survey*

Local Search is only partially about this

Questions? Please call us at 708-383-3638.

First Time Visitors
Let us help you safely send your files to us PRINT READY.

 **Virus**
Your job is important. Why risk potential file damage or miss-delivery by attaching your files to virus and tamper prone e-mail? We have a safer, more secure way that avoids these problems. It's our The Printing Store Inc print driver. It's free and guarantees your files safely arrive in our shop looking exactly as you intended. Plus you see an immediate proof. That means no waiting, no guesswork, and no worry. Best of all, it uses the software you used to create the file (i.e. Word, PageMaker, Publisher, etc.). It's easy.

File
Print... Within your program simply select the File menu's Print option. (You already do this when you print a copy on your inkjet or laser printer). Simply change the printer to the one named "Print Store Printer" and click OK or Print. That's it! No need to start-up e-mail. Your file and job requirements will be safely sent to us. Ready? Follow the simple instructions below.
