Informix HealthCheck Package Activity Sheet

Package Deliverables

- ***HealthCheck Requirements Checklist***
 - ***Presentation to Customer Executive Team***
 - ***Findings & Recommendations Report***
 - ***HealthCheck Completed Checklist***
-

What is a Package Offering?

Information Management Implementation Packages are fixed scope, fixed-priced services to help IBM clients ensure that they have a technically sound and functional system framework necessary for the successful development and deployment of their Information Management solution.

The **Informix HealthCheck Package** provides the expert resources to analyze one Informix instance of one non-replicated Informix database(s). IBM will collect information about the database environment such as CPU and I/O configuration settings related to Informix, database configuration parameters, operating system and database monitoring data as listed in the HealthCheck Requirements Checklist. After a detailed in-depth analysis of the information, IBM will provide a findings and

recommendations report of the results of this analysis with a formal executive review.

This package does not include Travel and Living expenses.

Tasks Involved

T1. Kickoff Meeting

- Review the Healthcheck requirements checklist
- Review Services Description
- Define/Review Project Activities

T2. Environment Review & Analysis

T3. Presentation to executive team

T4. Findings & Recommendations Report

T5. Completed Informix HealthCheck Checklist

Education Assessment

An Education Assessment is delivered as a part of every IM project to help you validate your team's skills and knowledge and identify any potential skill gaps that may pose a risk to your ongoing projects. For more information on IM training plans, visit:

ibm.com/software/data/education/plans.html

Education Enrollment

For course descriptions and instructions on how to enroll, visit:

ibm.com/software/data/education.

Note: In the interests of quality education, IBM reserves the right to update training courses at any time.

For More Information
