Management and Teamwork

Gurra Krantz is a professional speaker, boat builder, sail maker and one of Swedens most merited sailors, with over 20 years of experience in professional, international, sail racing. During the marketing conference, Gurra shared his experiences in leadership, crisis and conflict handling, cultural differences, how to assemble a competent team and last, but not least, how to have a winning mind set.

- MC2007: Management and Teamwork

Gurra emphasized the importance of teamwork, and to have well defined goals. He also talked about how to get everyone to pull together as a team. Universal knowledge, whether you are a sailor or a Seco employee.

Technical drawing of a tool bit. The drawing shows a side view of the tool with several dimensions indicated by arrows and text. The dimensions are: D=47 (total length), D=22 (length of the upper cylindrical section), a 45-degree angle on the upper section, D=63 (length of the lower cylindrical section), and D=75 (total length including the lower section). The drawing is displayed in a web browser window with a toolbar at the top and a status bar at the bottom.

Welcome to the communication room

The communication room gives you the tools you need to communicate more efficiently.

In version 1.0 you get access to webmail, SameTime webconferencing and People Finder which is a directory of all Seco people worldwide. People Finder will be updated also after launch since a number of pictures are missing. If you notice errors or missing information in person records, please send an email to intranet@secotools.com. Write "People Finder" in the subject line.

The intranet team would like to send out a THANK YOU to everyone who has worked so hard with gathering the information for People Finder.
