

The background features a vibrant blue gradient with dynamic, flowing yellow and cyan lines that create a sense of motion and depth. A grid of thin, light blue lines is visible on the right side, adding a technical or digital feel to the overall aesthetic.

LOTUSPHERE[®] **COMES TO YOU** 2008

Novedades en Lotus Notes y Domino

LOTUSPHERE® **COMES TO YOU** 2008

Agenda

- Principales funcionalidades de IBM Lotus Notes y Domino 8.0
- Novedades de IBM Lotus Notes y Domino 8.0.1
- Objetivos de IBM Lotus Notes y Domino 8.5

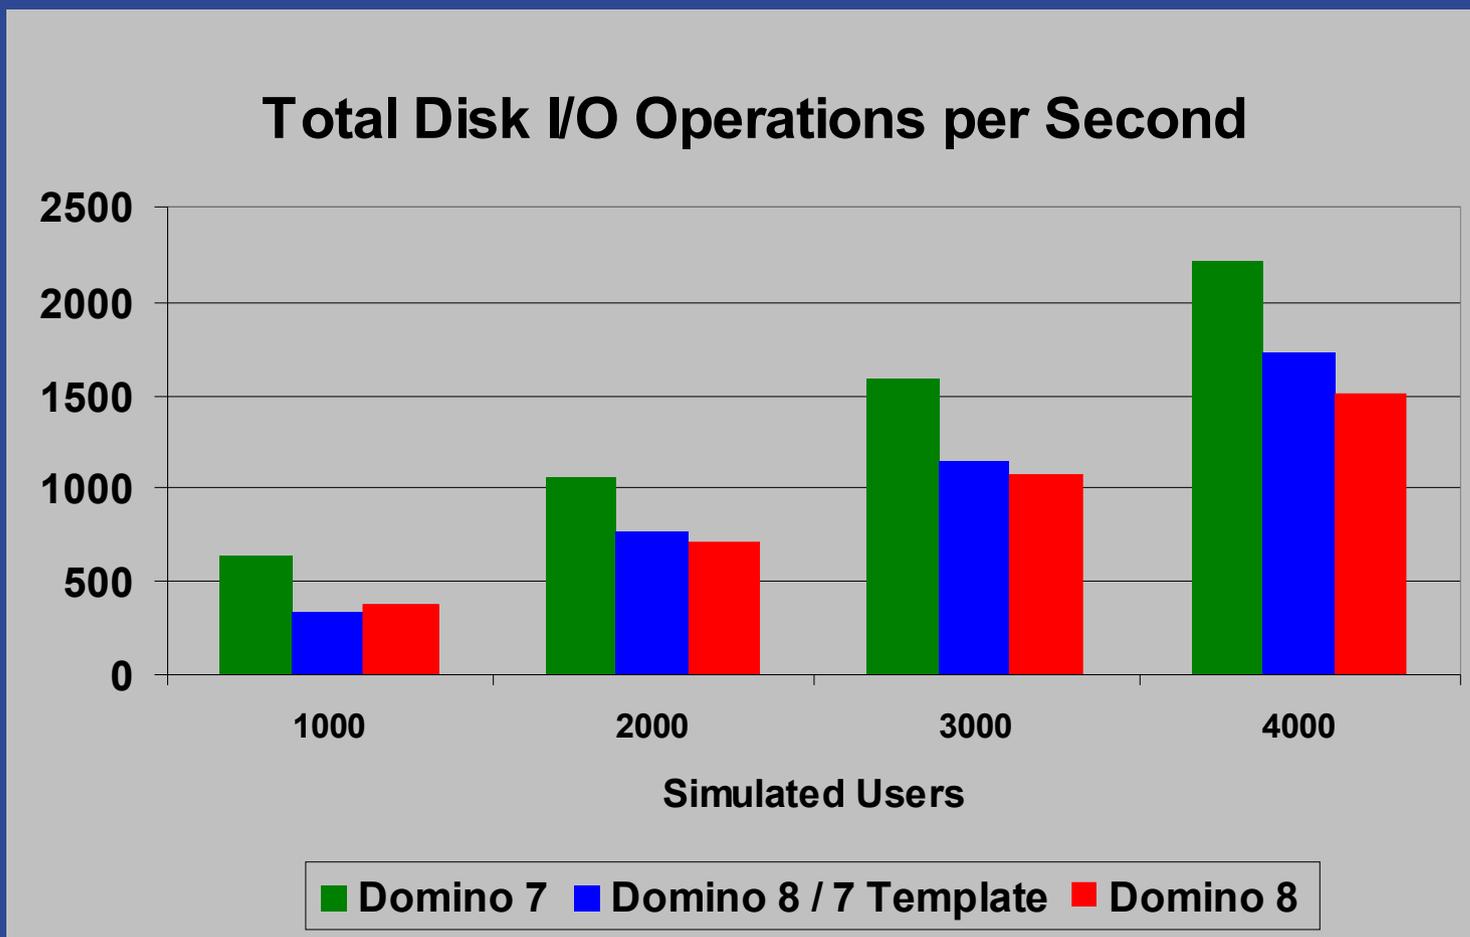

Roadmap for IBM[®] Lotus Notes[®] & Domino[®]: 2008 and Beyond

Principales funcionalidades de IBM Lotus Notes y Domino 8.0

- Mail recall
- Out of Office mejorado
- Mail threads integrados en el Inbox, incluyendo el correo externo
- Mejora de rendimiento del AdminP
- Mejoras importantes en el cluster replicator para reducir aún mas la latencia
- Reducción de operaciones de I/O
- Compresión de los elementos de diseño

Importante reducción de las operaciones de I/O en disco en Domino 8.0

Notes: Windows® 2003 Server results shown. Other platform results are posted on Developerworks
Improvements based on Notesbench workload tests and vary by operating system and in customer environment
Reductions require new Notes 8 mail template and ODS 48 to be enabled

Domino 8.0 – Compresión de los Elementos de Diseño

Compact

- Habilitar ncompact -n
- Deshabilitar ncompact -N

Propiedad de la BD

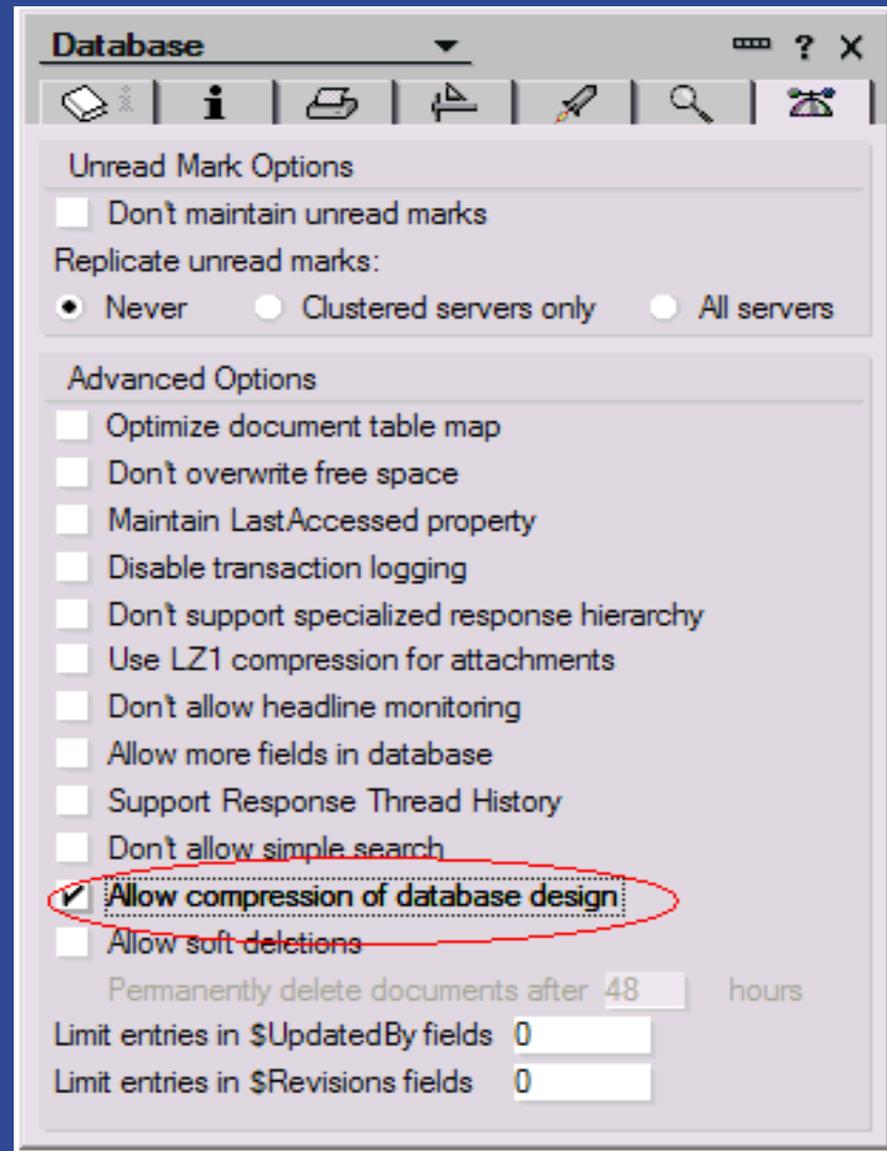

Reduce el espacio en disco ocupado por los elementos de diseño en ~ 70%

Plantilla de correo Notes 8 - 27MB

Comprimida – 11MB

Plantilla de correo Notes 8.0.1 – 22MB

Comprimida - 9MB

Novedades Lotus Notes 8

- Nuevos diseño e interfaz de usuario
- Innovación al servicio de la Colaboración
- Lotus Symphony integrado
- Plataforma Abierta y Ampliable
- Actualizaciones sencillas

The screenshot displays the IBM Lotus Notes 8 Mail interface. The main window is titled "Mail - Inbox - IBM Lotus Notes" and features a menu bar (File, Edit, View, Create, Actions, Text, Tools, Window, Help) and a toolbar. The interface is divided into several panes:

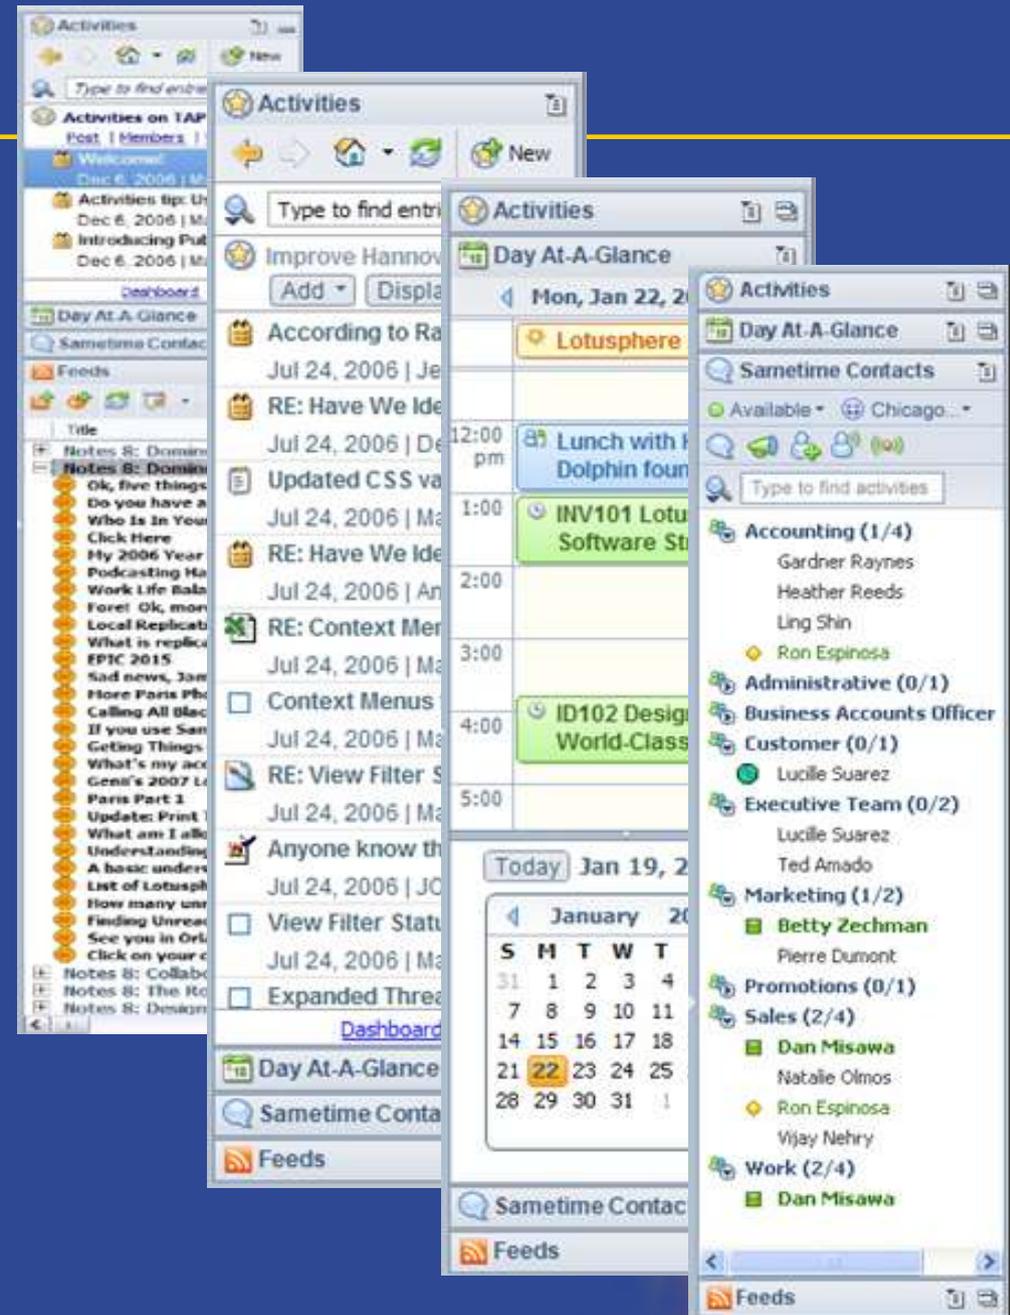

- Left Pane:** Shows the "Renata Matthesen on local" mailbox structure, including folders like "Inbox (661)", "Drafts", "Sent", "Follow Up", "All Documents", "Junk", "Trash", "Chat History", "Views", "Folders" (Strategy, Personal), "Archive", "Tools", and "Other Mail".
- Center Pane:** Displays an email list with columns for "Sender", "Subject", "Date", and "Size". The selected email is "Re: Alpha Mountain opportunity" from Simon Schulz, dated 13/6/08 09:47, with a size of 14 KB.
- Right Pane:** Shows a "Sametime Commun..." window, a "Day At-A-Glance" view, and a "Feeds" section with "Zeta CRM" and "Sales Tracker". Below these are "Activities", "Alpha Mountain Grooming" (with "Add" and "Display" buttons), "To Do List" (with checkboxes for "Discovery and qualific...", "Review requirements", "Product management", and "Competitor info"), "Related Mail & Meetings" (with "Re: Alpha Mountain..."), and "References & Notes" (with links for "Opportunity analysis", "Proposals", "Account management", "Pricing and Contracts", and "Implementation and S...").

The selected email content includes a "Re: Alpha Mountain opportunity" header, a "From: Simon Schulz" field, and a "To: Renata Matthesen" field. The body text reads: "Renata, Pierre is the Sales Manager for the Cable transportation division at Zeta and has been working with Alpha Mountain. They are undergoing a rapid expansion and want to improve the facilities for snowboarders and young families. See the growth data below." Below the text is a bar chart titled "Product Sales" with a legend for "East", "West", "North", and "South". The chart shows sales data for four regions across four time periods. The y-axis ranges from 30 to 100. The legend indicates: East (grey), West (green), North (yellow), and South (blue).

At the bottom of the window, a status bar shows "You have new mail on Server17" and a taskbar with the Windows Start button, a "Document" window, and the "Renata Matthesen - Inbox" window.

Lotus Notes 8: Barra Lateral

- Visión Periférica
- Contextual
- Acceso sencillo
- Despliegue de una gran variedad de plug-ins
 - ▶ Actividades
 - ▶ Noticias RSS
 - ▶ IBM Lotus Sametime
 - ▶ Agenda del día
- Totalmente personalizable
 - ▶ Posibilidad de añadir aplicaciones propias!

LOTUSPHERE COMES TO YOU 2008

“¿Qué es lo que más te gusta de Notes 8?”

- “Conversaciones (¿Cómo trabajaba antes?)”
- “Lotus Symphony. En mi caso, han sustituido totalmente a MS Office.”
- “lista de contactos “inteligente” a la hora de enviar correos ... increíble”
- “Integración de Sametime, Agenda y noticias RSS en la Barra Lateral”
- “Todas las posibilidades de integración de la Barra Lateral”
- El corrector ortográfico en tiempo real
- “Las Aplicaciones Compuestas”

Novedades de IBM Lotus Notes y Domino 8.0.1

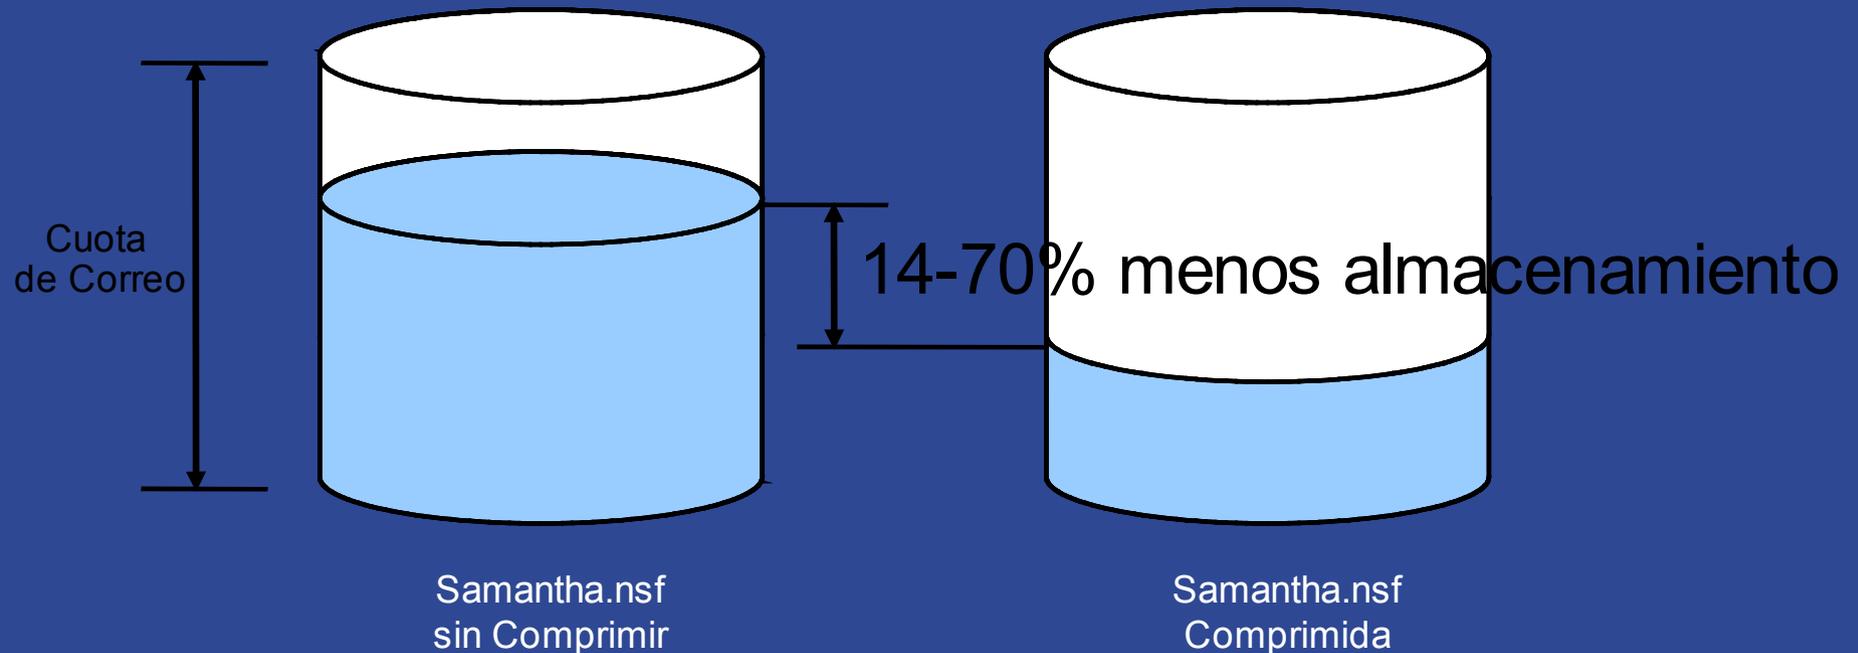

Novedades de IBM Lotus Domino 8.0.1 – Febrero 2008

- Soporte Nativo de 64-bits
- Compresión de Documentos
- Encriptación FIPS 140-2 estándar para el Correo Notes
- IBM Lotus Notes Traveler

Lotus Domino® 8.0.1: Soporte Nativo de 64-Bits

- Soporte Nativo de 64-bit
 - ▶ Mayores posibilidades de direccionamiento de memoria
 - ▶ I/O mejorada
 - ▶ Windows 2003 x64 y AIX totalmente soportados en la versión 8.0.1
 - ▶ Más plataformas se irán añadiendo a la lista
- Todas las plataformas de 32-bits siguen estando soportadas

Lotus Domino 8.0.1: Compresión de Documentos

Documents comprimidos individualmente

Absolutamente transparente para las APIs de Lotus Notes®

Los anexos se comprimen por separado

IBM Lotus Notes Traveler

Acceso PIM desde dispositivos móviles Out of the box con Lotus Notes & Domino® 8.0.1

- Solución de replicación móvil inalámbrica para datos de correo/PIM de Lotus Domino
 - Replicación automática y en tiempo real de correo (incluidos anexos), agenda, contactos, journal y tareas
 - Se integra con las aplicaciones de correo/PIM del dispositivo móvil
 - Funciona sobre conexiones con cable e inalámbricas (GPRS, WiFi, etc)
 - Utiliza conexiones Secure Socket Layer (SSL) connection con 128 bits de encriptación *
- Se ejecuta directamente como una tarea adicional en el Servidor Domino
 - Se integra con la administración y las políticas de Domino
 - Instalación Over-the-air
- Inicialmente soporta Microsoft Windows Mobile 5 y 6 (Professional y Smartphone)

* Advanced encryption (beyond 128 bit) could be added via additional mobile VPN solution (e.g. IBM Lotus Mobile Connection Manager). Note: Screenshots are planned only. Final user interface may have different appearance.

Lotus software

Note: Current plans. Information is subject to change

New [Keyboard Icon] Menu

Novedades de IBM Lotus Notes 8.0.1

- Correo
 - ▶ Responder sin anexos por defecto
 - ▶ Información de Cuota
 - ▶ Envío de documentos desde Symphony
- Compresión de Documentos
- Aplicaciones Compuestas
 - ▶ Enlaces relativos a componentes NSF
- Interfaz de Tareas Modernizado
- Agenda
 - ▶ Zona Horaria Dual
 - ▶ Aviso de Borrado
- Soporte Citrix 4.5

Novedades de IBM Lotus Notes 8.0.1

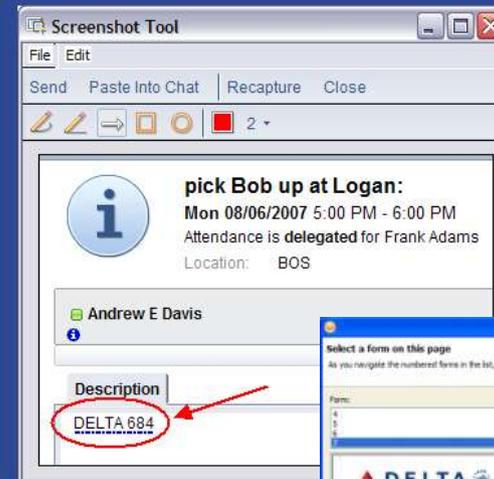

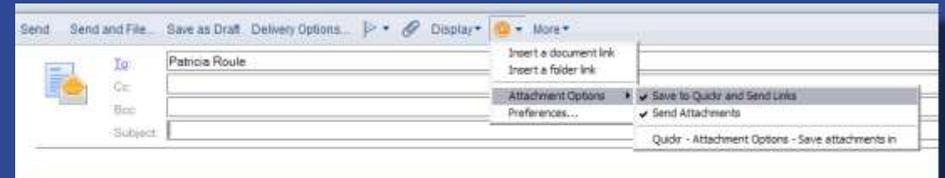

- Domino Web Access "Lite"

The screenshot displays the IBM Lotus Domino Web Access 'Lite' interface within a Microsoft Internet Explorer browser window. The browser's address bar shows the URL: `http://svista.notesdev.ibm.com/mail/pduffy.ns?Opendatabase&ui=dwa_lite`. The interface includes a top navigation bar with 'Full', 'Lite', 'Help', and 'Logout' options. Below this is a toolbar with buttons for 'New Message', 'New Contact', and 'Re: We need ...'. The main area is a message list with columns for Sender, Subject, Date, and Size. The right sidebar features a 'Day-At-A-Glance' calendar view for Thursday, 10/18/2007, showing various appointments and events.

Objetivos de IBM Lotus Notes y Domino 8.5

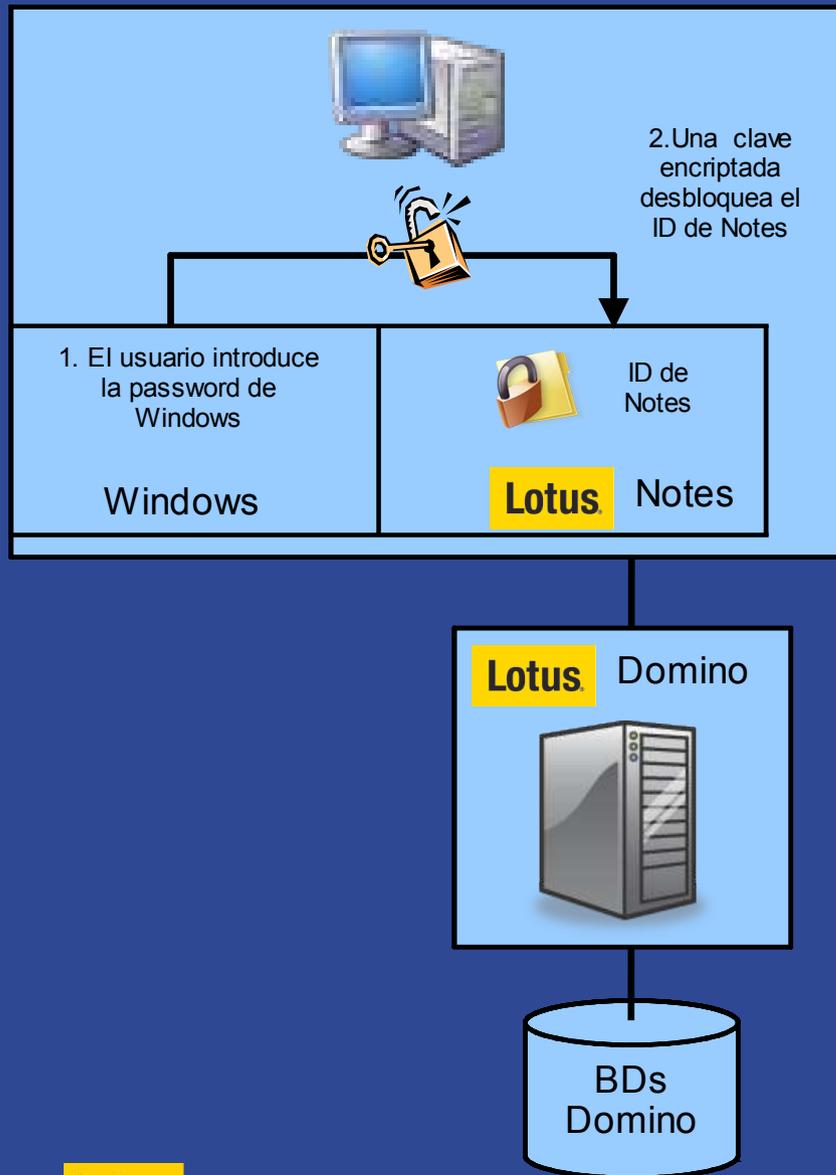

Objetivos de Lotus Domino 8.5

- Simplificar la gestión de identidades de Notes y la autenticación
- Reducir los costes de almacenamiento
- Autenticación de usuarios contra directorios LDAP
- Modernizar el Desarrollo de aplicaciones Web

Lotus Domino 8.5 – Simplificando la gestión de Identidades

- Para el Usuario:
 - Elimina la necesidad de utilizar la password de Notes
 - Simplifica la recuperación de “passwords olvidadas” e “IDs perdidos”
 - Elimina la necesidad de mantener consistentes múltiples copias de un ID
- Para la gente de IT:
 - Simplifica en gran medida la gestión de IDs de Notes: gestionar, actualizar y distribuir ID's
 - Permite que la información de los usuarios y los grupos se almacene en Directorios LDAP no-Domino

IBM Lotus Notes 8.5: Sign-on compartido con el SO

- Se utiliza la autenticación de Windows® en lugar del usuario/password de Notes
 - ▶ El usuario se valida en Windows
 - ▶ Windows da acceso a una clave encriptada para desbloquear el ID de Notes
 - ▶ No se necesita la password de Lotus Notes para iniciar Notes
 - ▶ No es necesario sincronizar passwords
- El ID de Notes desbloqueado sigue gestionando la seguridad de Notes en ese PC
- Sólo es necesario cambiar las passwords de Windows

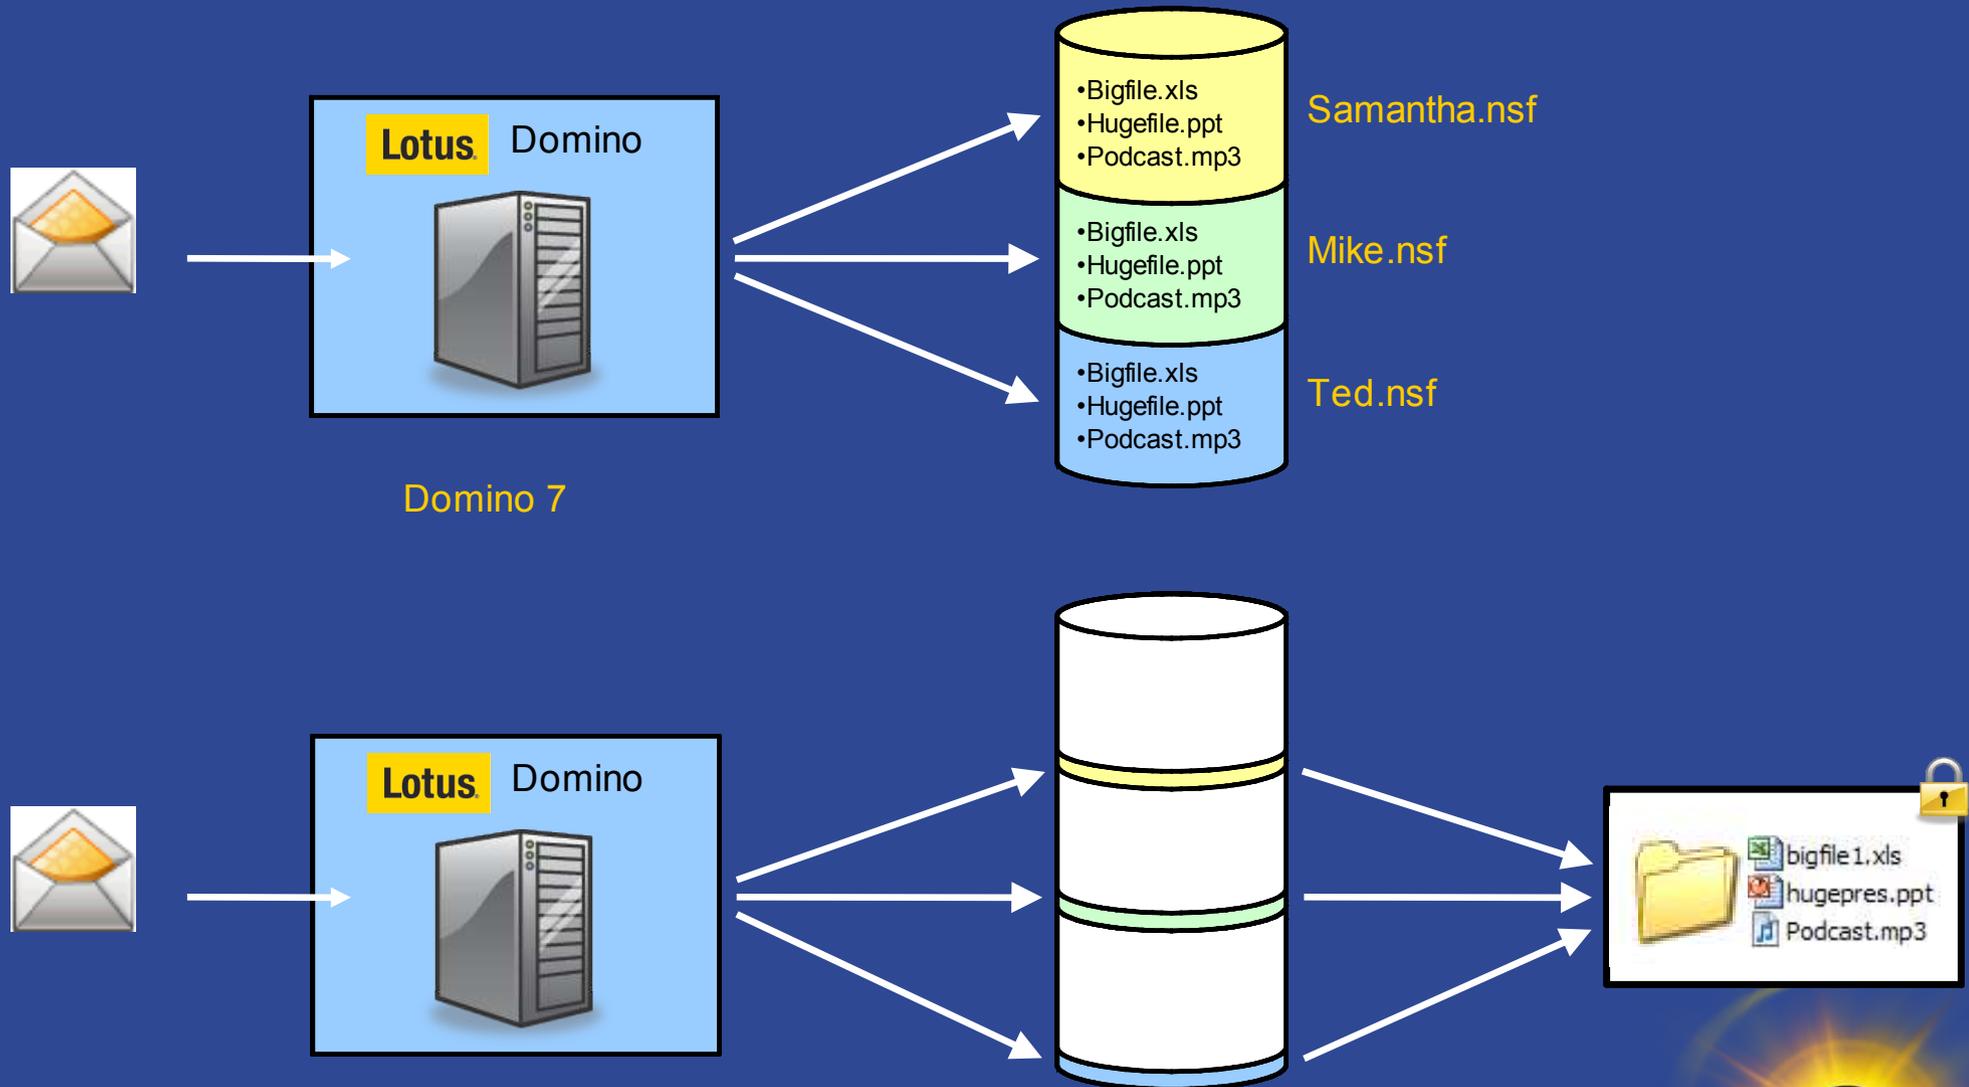

Lotus Domino 8.5: Repositorio Central de IDs de Notes

- La clave es almacenar los ficheros ID en un repositorio securizado en el servidor con integración a nivel de protocolo con el Cliente Notes
- Se puede tener uno o más repositorios por dominio
- Los repositorios pueden replicarse
- Todas las operaciones sobre el repositorio son registradas para poder ser auditadas
- Métodos para evitar burlar la seguridad del repositorio

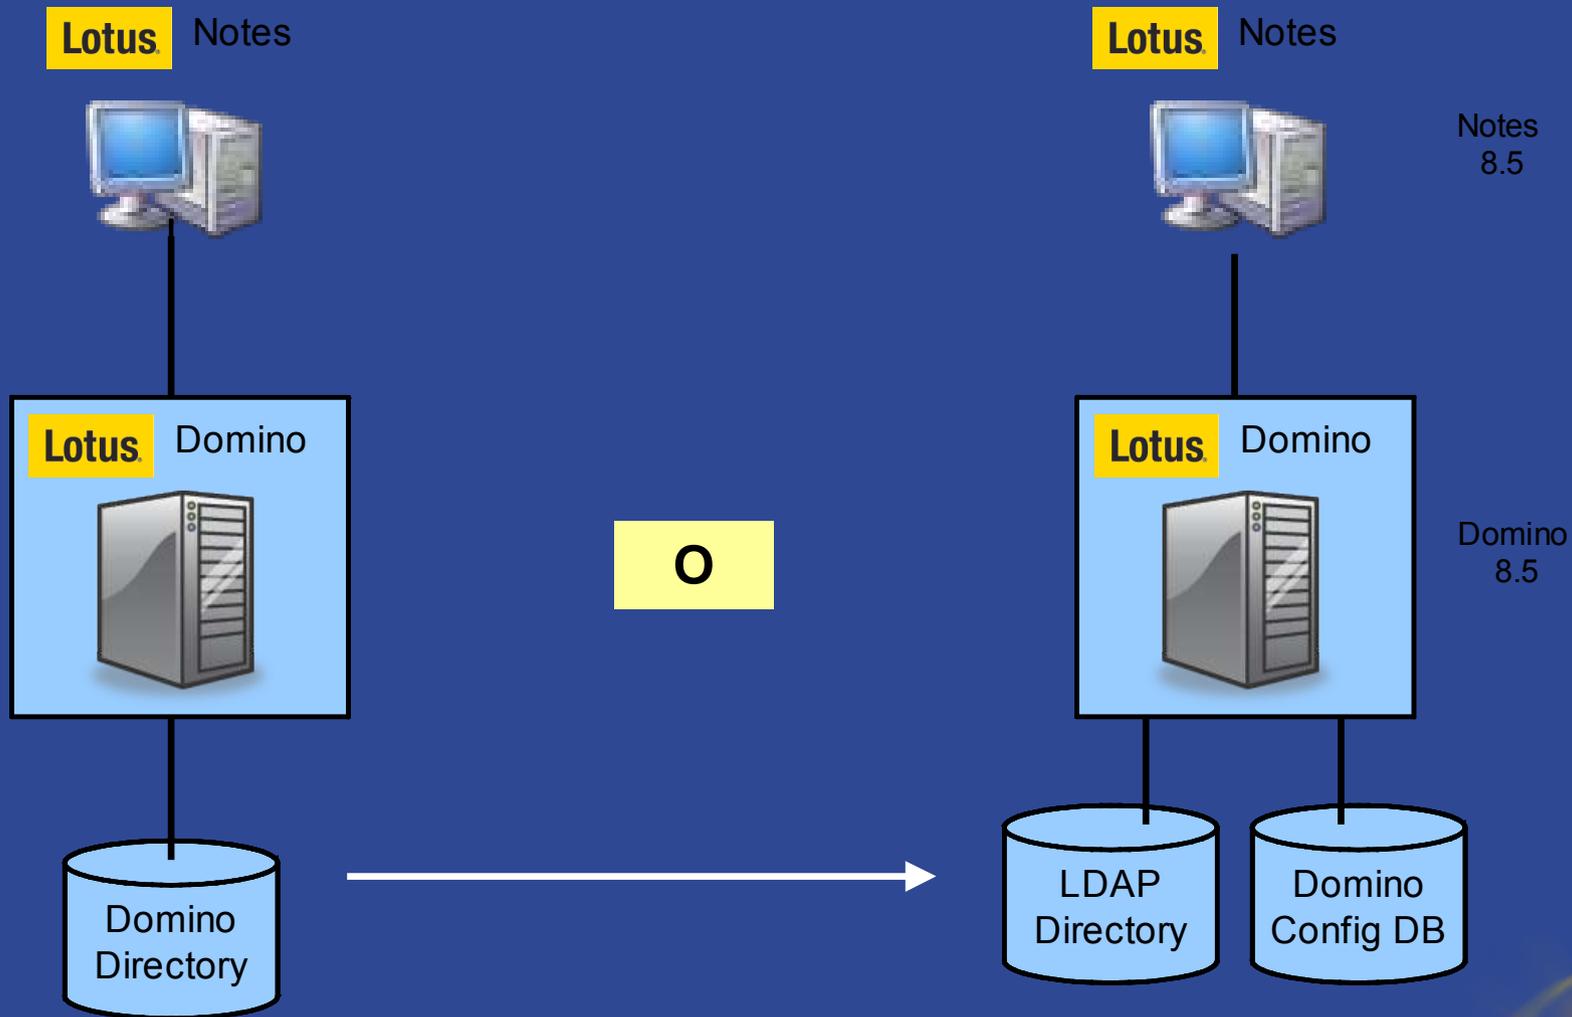

Lotus Domino 8.5: Ejemplos de uso del repositorio

- Para usuarios existentes: el ID de Notes se captura automáticamente durante la autenticación del cliente
- Usuarios nuevos: el ID de Notes se almacena en el repositorio y se distribuye automáticamente al cliente
- Durante la Autenticación:
 - Notes 8.5 sube automáticamente las actualizaciones de los IDs al repositorio
 - Notes 8.5 automáticamente descarga cualquier actualización del ID de Notes al Cliente
- Coordina múltiples ficheros ID en múltiples clientes automáticamente
- El repositorio permite una administración segura y resets de password programados

Domino Attachment and Object Store (DAOS)

Lotus Domino 8.5: Directorio LDAP

Lotus Domino 8.5 – Directorio de Usuarios Alternativo

- Posibilidad de sustituir el Directorio Domino por un Directorio LDAP
 - ▶ Opcional, a nivel de servidor, elección de despliegue
 - ▶ Domino Directory sigue estando soportado
- Almacena los atributos de los usuarios Domino en un Directorio LDAP
 - ▶ El resto de la información se almacena en una BD de Configuración de Domino
- Se proveerán herramientas para migrar los atributos de los Usuarios Domino a LDAP
 - ▶ Permite la migración por fases a un nuevo Directorio
- Nuevas APIs Domino del Directorio para integración de aplicaciones
- Active Directory será el primer Directorio soportado seguido por otros Directorios líderes

Modernización sencilla de las Aplicaciones Web de Domino ...

... al actualizar a las nuevas plantillas de Lotus Domino 8.5

The screenshot shows a web browser window displaying a Lotus Domino forum. The browser is Mozilla Firefox, and the URL is http://www.zeta.com/marketing...html. The page title is "Marketing Discussion". The interface includes a navigation bar with "Discussion", "Preferences", "Logout", and "Help". Below the navigation bar, there are tabs for "All Posts", "My Posts", and "By Date". The main content area displays a list of forum posts, including "New Sales Orders slides are done" and "2008 Plans Anchor Document". A sidebar on the left contains a "Recent Activity" table and a "Tags" cloud. The "Recent Activity" table has the following data:

Subject	Latest	Responses
New Sales Orders...	Samantha Daryn	1
2008 Plans Ancho...	Amadou Alain	2
Update on meeting...	Samantha Daryn	4
Team Meeting Min...	Gail Chao	2
New Sales Orders...	Gail Chao	0

The "Tags" cloud includes: airlines, boss, clients, conference, corporate, employees, guidelines, HR, marketing, opportunities, personal, product_info, reference, renovations, retirement, sales, solutions, travel. Below the tags is a "Subscribe" button. The main content area also includes a "New Post" button, a pagination control (Page 1, 2, 3, 4, 5, ..., 10), and a "Show: 10, 20, 50, 100, All items" control. The system tray at the bottom shows the Windows start button, Lotus Notes, Marketing Discussion, 98% battery, and the time 10:37 AM.

Callouts in the image point to specific features:

- Acciones**: Points to the "New Post" button.
- Vista Domino**: Points to the "Page 1, 2, 3, 4, 5, ..., 10" pagination control.
- Nube de Etiquetas**: Points to the "Tags" cloud.

Lotus Domino 8.5 – Importantes mejoras para las Aplicaciones Web

- Nuevo look para las Aplicaciones Web de Domino
 - Mejoras para las Aplicaciones Web existentes
 - Las novedades de Domino Designer permiten un mayor control en la generación de HTML (ej., CSS, Dojo Widgets)
- Integrar la tecnología de Lotus Component Designer
 - Integrada en Domino Designer y el Domino Web Server
 - Elementos de diseño Web Page y Custom Control
 - Capacidad de control total sobre el aspecto de las Web Pages
- Posibilidad de utilizar tecnologías de mashup

Lotus Domino 8.5 - Domino Designer basado en Eclipse

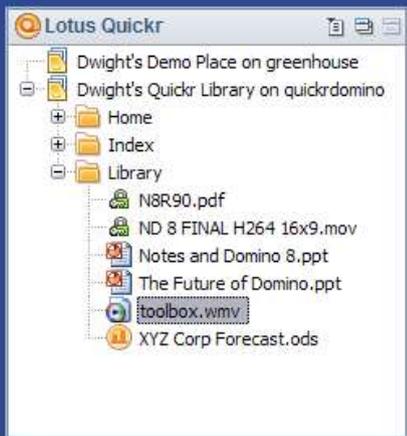

The screenshot displays the IBM Lotus Domino Designer interface, which is based on the Eclipse SDK. The main window is titled "Main Topic - Form". The interface is divided into several panes:

- Database Navigator:** Shows the project structure for "mytest121" and "disctest".
- Form Design:** The central area shows a form with various fields and sections:
 - every thread:** A table of fields including "NewsLetterSubject", "Path_Info", "\$Return", "Remote_User", "MainID", "AbrFrom", and "editMode".
 - Discussion Main Topic:** A section with fields for "tmpFrom", "DateComposed", "timeComposed", "Private", and "Expire".
 - Subject:** A text field labeled "Subject".
 - Category:** A dropdown menu labeled "WebCategories" with a "NewCats" button and a "Categories" dropdown.
 - Attach a file:** A "File Upload" button with a note: "Only one file can be attached at a time. See Using Database document to attach multiple files."
 - Content:** Fields for "Body" and "ViewList".
- Outline:** Shows a tree view of the form's structure, including "MainTopic (Form)", "Window Title", "HTML Head Content", "HTML Body Attributes", "WebQueryOpen", "WebQuerySave", "Target Frame", "JS Header", and "asHole".
- Properties:** Shows the "MainTopic (Form) : Window Title" properties, including a formula for "StandardTitle":

```
StandardTitle := Subject + @DocDescendants(" (No Responses)"; " (1 Response)"; "% Responses");  
@If(@IsNewDoc; "New Topic"; @ViewTitle = "AuthorView"; Subject  
@ClientType="Notes"; StandardTitle; Subject)
```

IBM Lotus Notes 8.0.1+

- Plug-in de acceso a IBM Lotus Quickr

Yes, it looks wonderful, Simone. In addition to the vertical version, are you planning to make any other market-driven differences? For example, in Ireland, I think our focus will be corporate rather than consumer customers.

Minh,

Great work making this happen. Is there any way we can track the number of reads?

Ted

Colaboración más allá del Correo

Protección de la Información

Aumentar la Agilidad del Negocio

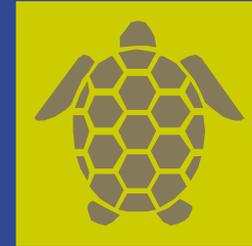

Protección de la Inversión

Proyectos alrededor de Lotus Notes / Domino

Presentando Lotus Protector para la Seguridad del Correo

La Plataforma de Seguridad Lotus Protector es una suite integrada de seguridad que amplía el entorno de correo de Domino, protegiendo la información de los activos de las organizaciones, en toda la cadena de mensajería.

IBM LOTUS DOMINO

¿Qué nos permite Lotus Protector para la Seguridad del Correo?

- Control del Spam e inspección de contenidos
 - Antivirus y Antispam – antes de los servidores Domino y de los clientes Notes
 - Análisis de mensajes multi-nivel sobre cada mensaje
 - Gestionado por políticas avanzadas y granulares
 - Múltiples módulos de análisis de spam
 - Módulos de análisis de contenidos totalmente personalizables → COMPLIANCE!
- Preventiva Protection
 - Líder de Mercado en sistemas de prevención de intrusiones
 - Inspección de Contenidos Especializada para Phishing y Spyware

Anuncio de "Atlantic"

"Atlantic" es el nombre en clave de un software previsto nacido de la cooperación de IBM y SAP

"Atlantic" integra Lotus Notes & Domino 8 con la SAP Business Suite

- Acceso a la información de SAP desde el interfaz de usuario de Lotus Notes
 - ▶ Valor inmediato para el negocio
 - ▶ Ayuda en la toma de decisiones
 - Acelera el time-to-value
- Personalizar el entorno de SAP de cada usuario
- Solución componentizada
 - ▶ Múltiples escenarios
 - ▶ Posibilidad de personalizar dichos escenarios

"Atlantic" Ejemplo de Escenario de Uso
