

IBM InfoSphere Data Replication PoT

March 10th, 2015

Time: 9:00 – 16:30

IBM Client Center Technology Solutions

IBM Madrid

Santa Hortensia, 26-28

28002 Madrid

INTRODUCTION

We are pleased to announce a one-day Proof of Technology on IBM® InfoSphere™ Data Replication. Step into a fictitious company to discover how JK Life & Wealth solved its data integration challenges using IBM InfoSphere Data Replication. This Proof of Technology provides a hands-on experience for customers who need to understand how to derive value from heterogeneous information spread across systems.

OBJECTIVE

IBM InfoSphere Data Replication offers a high-performance, heterogeneous, near real-time data integration solution that enables customers to easily capture and deliver business critical data changes throughout the enterprise with the following benefits:

- Near-time data integration with minimal impact system performance
- Ensures transactional integrity
- Full range of supported platforms and databases to leverage existing IT assets and work within existing environment
- Different integration approaches with ETL solutions such as IBM InfoSphere Information Server to provide a single solution for rapid data capture and delivery for ETL or data quality processes.

The Proof of Technology will provide hands-on experience with InfoSphere Data Replication. It will provide a friendly, interactive workshop environment where you can ask questions about InfoSphere Data Replication technology and learn how it can be used in your environment. The intention of this PoT is for you to obtain a good understanding of InfoSphere Data Replication's features, capabilities and ease of use, so that you can identify the specific business problems that InfoSphere Data Replication addresses.

AUDIENCE

This Proof of Technology is targeted for Database Administrators, Enterprise Architects, Systems Architects, System Integrators and Data Integrators who want data-related integration solutions. No prior knowledge of IBM InfoSphere Data Replication is required.

AGENDA

- Welcome and Introduction
- Presentation
- Lunch
- Labs

REGISTRATION

Email to ICCTS@es.ibm.com :

- Enterprise.
- Name & Surname.
- DNI
- e.mail.
- Telephone number.
- Name of the event to be registered.
