pLite Offerings Description

Offering 1: Performance Benchmarks

Dedicated CPUs

- Up to 3 LPARs
- Up to 4 Power5 1.9 Ghz per LPAR
- Up to 32GB RAM per LPAR
- 50 GB of disk storage on a SAN

Limited Software Distribution

- AIX 5.3
- DB2 v8
- WAS v6
- Oracle 10g

Shared Aix Support with FTSS

- FTSS Level 1 Support
- Shared remote Aix Level 2 support

Supported Benchmark Manager

- FTSS manage the benchmark supported by the pLite IT Specialists

Duration : up to 2 weeks

Offering 2 : Functional Tests

Shared Hardware

- Up to 3 LPARs
- 1/10 Shared uncapped Power5 CPU
- Up to 32GB RAM per LPAR
- 50 GB of disk storage on a SAN

Limited Software Distribution

- AIX 5.3
- DB2 v8
- WAS v6
- Oracle 10g

Lite Aix Support

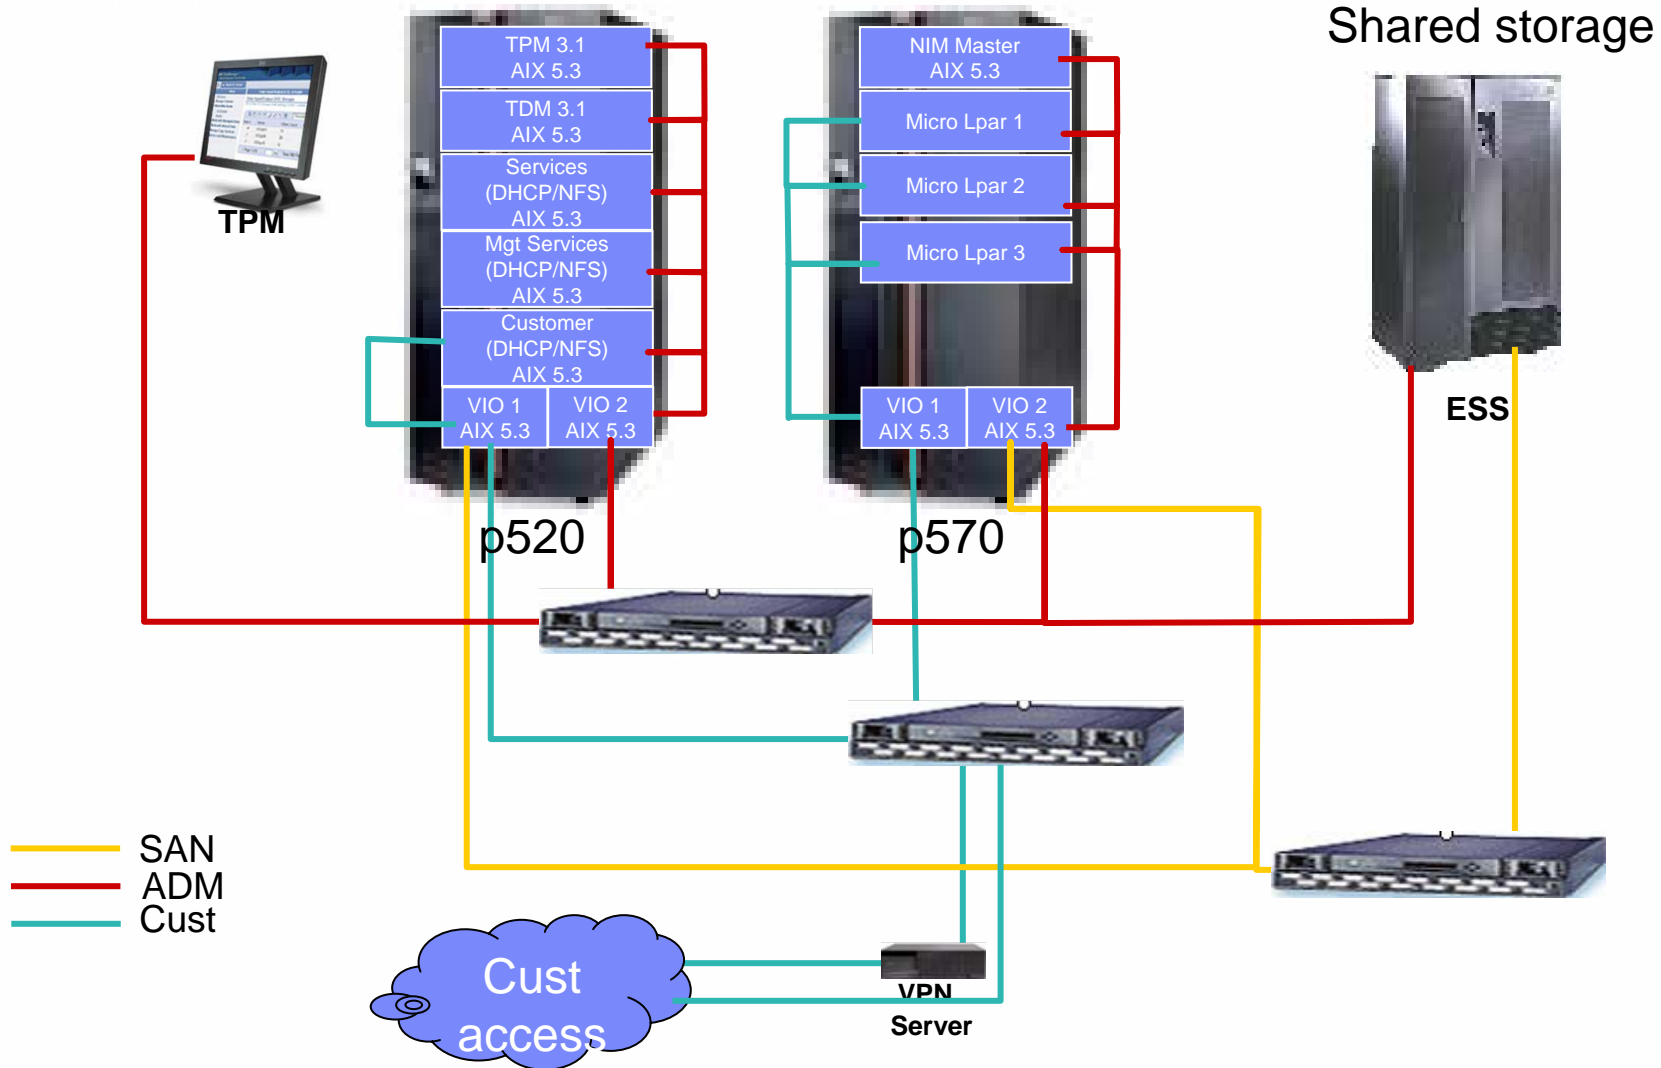

- FTSS Level 1 Support
- Aix remote support thru email

No Benchmark Manager

- FTSS manage the benchmark

Duration : up to 4 weeks
