Réseau Social d'Entreprise

Etre Prêt au Changement

- **Permettre aux collaborateurs de partager** leur savoir-faire et leur expertise
- **Leur donner les moyens de découvrir** l'information rapidement et facilement
- Identifier et connecter les bons **experts rapidement**
- Travailler ensemble **virtuellement** sans être en réunion face à face
- **Etre Connecté** avec les clients et les partenaires
- **Innover** sur vos produits et services, gagner de nouveaux marchés et de nouveaux clients potentiels
- Anticiper les **changements** plus vite que la concurrence

Intégration Globale

Innovation

Services de Lotus Connections (A-B-C-D-...E)

Activités

Organiser son travail par activité et non par application. Permet plus facilement un travail multi activités en se remettant dans le bon contexte

Blogs

Utiliser un blog pour présenter vos idées et avoir un retour des autres. Apprendre de l'expertise et de l'expérience des autres ayant aussi un blog

Communautés

Permettre la création, la gestion, la recherche de communautés de personnes partageant des intérêts communs ou un domaine d'expertise

Dogear (Marques pages)

Sauvegarder, organiser et partager des Marques Pages. Permet de découvrir les Marques Pages de personnes ayant des centres d'intérêt communs.

Profils

Pour trouver rapidement la bonne personne en la recherchant à travers son entreprise, son service, son domaine d'expertise, les projets sur lesquels elle a travaillé, sa fonction, ...

Les Profils exposés dans un annuaire de pages blanche

The image shows a screenshot of a professional profile page on a corporate intranet. The profile is for Pierre Milcent, an IBM Sales & Distribution employee. The page is annotated with several callout boxes in French, pointing to specific features and content.

Données du Profil étendu et paramétré ainsi que la vue dans l'organisation

Position dans l'organisation

Identifier, développer et maintenir son réseau professionnel avec des collègues s

Liens externes ou internes

Décrire sa fonction, son rôle. Expertise et savoir faire Ainsi que les projets

Tagger (marquer) ses collègues pour mieux les qualifier, les rechercher et rester en relation

A propos de moi

Consultant avant vente logiciel WPLC.
Spécialiste fonctionnel Lotus Connections et Portal.

Je suis impliqué en phase d'avant vente auprès de nombreux grands et moyen comptes, sur des projets de portail, de collaboration et de réseau social. J'intends surtout au niveau fonctionnel sur ces projets, que ce soit auprès de DRH, Direction de la Communication, et DSI, voire Direction Générale.

En tant que membre de la communauté "BlueIQ Ambassador" j'ai un rôle de leadership au sein du software group pour faire connaître les solutions de collaboration et de réseau social. Je participe à l'extension de leur usage par la mise en place de réunions informelles "Lunch&Learn".

I am involved in many pre sales activities for portal, collaboration and social networking; for large accounts, for HR, for IT Management, for Sales, for Marketing, for Finance, for people either with HR, for Sales, for Marketing, for Finance, for IT Management, even with CEO.

BlueIQ ambassador: I am committed to provide any help, recommendation, support, training, and coaching to our community "IQ" with "Lunch&Learn" session.

Formation

I spent many years in IBM with different job roles.

- IT project manager
- Technical Pre sales in the insurance business unit
- Workstation OS/2 pre sales specialist
- National Second level technical support for OS/2

Chaîne hiérarchique

- Hervé Rolland
 - Lamene Kim
 - Benjamin Bobaert
 - Pierre Milcent

BlueIQ ambassador | I am committed to provide any help, recommandation, support to improve any of us to use social networking tools in our daily activity. My goal is to improve individual efficiency by leveraging our community "IQ" with "Lunch&Learn" session.

Formation

I spent many years in IBM with different job roles:

- IT project manager
- Technical Pre sales in the insurance business unit
- Workstation OS/2 pre sales specialist
- National Second level technical support for OS/2
- Marketing Product Manager for OS/2
- Technical pre sales for WebSphere
- Sales for different business unit (bank, insurance, public sector, pharma) in the Software Group
- Consultant for Portal, Collaboration, Social Networking

Les Communautés sont constituées par centre d'intérêt

The screenshot shows the Lotus Connections interface for the 'Web 2.0 for Business' community. The page includes a navigation menu, a search bar, and a main content area with a 'Présentation' section and a 'Flux' (feed) of posts. Five callout boxes highlight key features:

- Agrège l'information de Lotus Connections, Lotus Quickr, et des wikis SocialText et Confluence**: Points to the 'Présentation' section.
- S'adresser à la communauté avec d'autres outils externes comme le mail**: Points to the 'Signets importants' (Important bookmarks) section.
- Discuter avec les experts, poser des questions et partager ses connaissances**: Points to a post in the 'Flux' section.
- Accéder à des outils externes à la communauté tels que wikis, teamroom, chat**: Points to the 'Signets importants' section.
- Filterer les informations par des mots clés : nuages de tags**: Points to the 'Etiquettes' (Tags) section.

Les Blogues capitalisent le savoir individuel

The screenshot shows the Lotus Connections Blogs interface. The top navigation bar includes 'Lotus', 'Connections', 'Home', 'Profiles', 'Communities', 'Blogs', 'Dogear', and 'Activities'. The user 'Sam Curman' is logged in. The main content area is titled 'List of Blogs' and features a search bar, 'Create a Blog', 'Post an Entry', and 'More Actions' buttons. A list of blogs is displayed, with a 'More Sorts' dropdown menu open, showing options: 'Date', 'Recommendations', 'Visits', and 'Title'. A callout points to this menu, stating 'Options avancées de tri pour mieux gérer l'information'. Another callout points to the 'Visits' option, stating 'Informations additionnelles comme le nombre de commentaires ou d'entrées relatives à ce blog'. A third callout points to the 'Most Recommended' section on the right, stating 'Voir rapidement quels blogs sont les plus visités et commentés, ou recommandés'. On the left, a 'Tags' section is visible with a search box and a list of active tags like 'aardvark', 'anchovies', 'architecture', etc. A callout points to this section, stating 'Tags (balises) pour faciliter la recherche d'information pertinente'.

Tags (balises) pour faciliter la recherche d'information pertinente

Options avancées de tri pour mieux gérer l'information

Informations additionnelles comme le nombre de commentaires ou d'entrées relatives à ce blog

Voir rapidement quels blogs sont les plus visités et commentés, ou recommandés

Dogear – Partager et Découvrir de l'Information

The screenshot shows the Dogear interface for user Pierre Milcent. The main content area displays a list of bookmarks (signets) such as "Our workplace, only better! - BlogCentral", "voyage - travel meets social", and "Home - Blue 2.0 Team Wiki - WikiCentral". The interface includes a search bar, navigation tabs, and a sidebar with a list of monitored users and tags. Five callout boxes highlight key features:

- Notifier vos collègues des sites web d'intérêt**: A callout pointing to the "Signaler à d'autres utilisateurs" button.
- Ajouter un lien url à un blog, une activité ou une communauté**: A callout pointing to the "Ajouter à un blog" button.
- Recevoir des notifications d'autres personnes**: A callout pointing to the "Envoyer une notification" button.
- Marquer un lien cassé et alerter son propriétaire**: A callout pointing to the "Signaler" button.
- Rester informé et notifié lorsque de nouvelles informations sont disponibles**: A callout pointing to the "Ajouter à la liste de surveillance" button.

Additional callouts include:

- Filterer l'information pertinente pour votre recherche**: A callout pointing to the search bar.
- Recevoir des notifications d'autres personnes**: A callout pointing to the "Mes notifications récentes" sidebar.

Activités – Suivre méthodiquement son travail

The screenshot displays the Lotus Quickr interface for an activity titled "Prepare a Business Plan for YourCo". The interface includes a navigation bar with "Activities", "My Activities", "To-Do List", and "Templates". A search bar is located in the top right. The main content area shows the activity details, including a "Cover Sheet" section with "Part 1: the plan" and "Part 2: Financial data". The "Part 1: the plan" section contains a "Business Plan outline" by April Dunford, a response from Gail Chao, and a response from April Dunford. The "Part 2: Financial data" section contains a table with columns for Name, Status, Auditor, Responses, and Last updated.

Name	Status	Auditor	Responses	Last updated
Estimated budget for 2007	In progress	Franklin Hodges	2	Aug 15
Emerging Markets	Reviewed	Liz Gwynn		Jun 30

Organiser les éléments d'une activité dans des sections paramétrables

Créer des propriétés paramétrables pour une activité

Accéder facilement à des données dans les bibliothèques Lotus Quickr ou y publier directement des documents

Affecter des rôles différents aux membres d'une activité

Homepage : Vue synthétique des réseaux sociaux

The screenshot shows the Lotus Connections homepage with several callout boxes:

- Agréger en une page les données de Lotus Connections**: Points to the top navigation bar.
- Recherche transverse dans Lotus Connections**: Points to the search bar.
- Widget de Mes Communautés**: Points to the 'Mes communautés' section.
- Meilleure visibilité des nouvelles informations provenant de vos réseaux sociaux**: Points to the 'Communities' section.
- Composée de widgets, utilisables dans d'autres pages web ou dans des mashups**: Points to the right-hand sidebar.

The page content includes:

- Profils**: A profile for Pierre Milcent, Consultant Lotus & Business Portal Software Group.
- Communities**: A list of communities such as 'World Wide Portal', 'Learning 2.0', and 'Lotus Social Software Community'.
- Blogues**: A list of recent blog entries including 'iPhone / iPod Touch Security Guidelines', 'Speaking to large audiences - Armwaving part 1', and 'new ThinkPad - T61'.
- Quickr Share**: A section for sharing files like 'Portail 2007 Services FR.ppt' and 'milcent'.
- Right sidebar**: A collection of widgets like 'Profiles By Atlas', 'Communities by Atlas', 'Cattail', 'Twitter', 'Dogear by Atlas', 'Dogear', 'Sonar', and 'Blogs by Atlas'.

Welcome to the Green Hands Community Wiki

In 2002, Renovations decided to take firm action to improve our environmental impact and our energy expenditures. We recognize the need for our company to **do its part** and cut down on waste, energy usage, and fuel. What began as an employee initiative turned into the Green Hands program, with corporate funding and support. Renovations is committed to environmental leadership in all of its business activities, from its operations to the design of its products and use of its technology. Renovations's corporate policy on environmental affairs, first issued in 1971, is supported by the company's global environmental management system, which is the key element of the company's efforts to achieve results consistent with environmental leadership and ensures the company is vigilant in protecting the environment across all of its operations worldwide.

Last year, Renovations was named the top company for climate change strategy and practices, in a report released by the investor coalition. The report issued today analyzes climate change governance practices at 63 of the world's largest retail and consumer-facing companies.

We use this wiki to **document** environmental issues and policies at our company.

The major sections of this wiki include:

- Policies - drafts of corporate policies that we should adopt.
- Procedures - ways to save and improve. our procedures.
- Contacts - external contractors, government agencies, etc.

Should you have any questions about this wiki be sure to check the documentation and tips and tricks wiki here.

Lotus Connections 2.5 – Page Wiki

The screenshot shows the Lotus Connections 2.5 Page Wiki interface. At the top, there is a navigation bar with links for Home, Profiles, Communities, Blogs, Dogear, Activities, Files, Wikis, Help, and Log Out. Below this is a secondary navigation bar with 'Latest Updates' and 'My Wikis' tabs, a search bar, and a dropdown menu for 'All Areas'. The main content area features a large green banner with the text 'Welcome to Lotus Wikis' and a graphic of a document and three people. Below the banner is a 'Latest Updates' section with a 'Start a Wiki' button and a list of recently updated pages. To the right, there are two sidebars: 'Most Recommended' and 'Most Visits', both listing various wikis with star ratings and visit counts. The left sidebar contains search and tag-related options.

Lotus Connections 2.5 – Création d'un Wiki

The screenshot displays the Lotus Connections 2.5 interface. At the top, there is a navigation bar with links for Home, Profiles, Communities, Blogs, Dogear, Activities, Files, Wikis, Help, and Log Out. Below this is a secondary navigation bar with 'Latest Updates' and 'My Wikis' tabs, a search bar, and a dropdown menu for 'All Areas'. The main content area is titled 'My Wikis' and features a 'Start a Wiki' button. A modal dialog box titled 'Start a Wiki' is open, containing the following fields:

- Title:** A text input field with a help icon.
- Members:** A dropdown menu currently set to 'Anonymous Users (Reader) (Group)', with another dropdown set to 'Authenticated Users (Editor) (Group)'. Below these are two more dropdown menus labeled 'Manager' and 'User', followed by an empty text input field.
- Description:** A large text area with a help icon.
- Tags:** A text input field with a help icon.

At the bottom of the dialog are 'Create Wiki' and 'Cancel' buttons. The background shows a list of wikis with columns for title, description, update time, tags, star rating, and a 'more' link. The list includes entries like 'Strate...', 'rrre...', 'test6...', 'tt...', 'Geor...', 'Tues...', 'Dave...', 'Another test community...', 'Environmental Protection Agency', and 'Seedlist'. The bottom of the page has a pagination bar with 'Show: 10 | 25 | 50 items per page.', 'Jump to page 1 of 16.', and 'Previous | Next' links.

Lotus Connections 2.5 – Wiki Welcome Page

The screenshot shows the Lotus Connections 2.5 Wiki interface. At the top, there is a navigation bar with links for Home, Profiles, Communities, Blogs, Dogear, Activities, Files, Wikis, Help, and Log Out. Below this is a secondary navigation bar with 'Latest Updates' and 'My Wikis' tabs, a search box, and a dropdown menu set to 'All Areas'. The main content area is titled 'Project Documentation 2009' and includes a 'More Actions' button. A green box on the left contains the title 'Project Documentation 2009' and a '+ New Page' link. Below this are sections for 'Popular Tags' (with a search box), 'All Pages' (with a search box), and 'Site Tools' (listing 'Members and Roles' and 'Settings'). The main text area contains a breadcrumb trail, the title 'Project Documentation 2009', update information, and 'Edit' and 'Page Actions' buttons. The main heading is 'Welcome to Project Documentation 2009', followed by introductory text and three sections: 'Editing Pages', 'Creating Pages', and 'Inviting and Managing Members'. At the bottom of the main content area, there are links for 'Comments(0)', 'History of Changes', 'Attachments', and 'About', along with a 'Subscribe to this page' link and checkboxes for 'Page changes' and 'Comments'. The footer contains four columns of links: 'IBM Lotus Connections' (Home), 'Help' (Help, IBM Lotus Support Forums), 'Tools' (Server Metrics), and 'About' (About, IBM Lotus Connections on ibm.com, Submit Feedback).

Rich Text HTML Source Wiki Text Preview Autosaved at 10:01 PM

IBM Lotus Connections is a [Web 2.0 social software application](#) licensed by the [Lotus Software](#) division of [IBM](#). The goal of Lotus Connections is to empower companies to be more innovative and help them execute more quickly by using dynamic networks of co-workers, partners and customers.

Lotus Connections (or 'Connections' for short) was announced at [Lotusphere 2007](#), and Version 1.0 shipped later that year on [June 27](#). Version 2.0 shipped in June 2008 and Version 2.5 was announced at Lotusphere 2009. Version 2.5 is expected to be released in mid-2009.

Lotus Connections 2.0 has six key modules:

- **Homepage** a [portal](#) site which can federate information from many sources.
- **Profiles**, a [social network service](#) - primarily used to find people in the organisation.
- **Communities**, a collaborative space for people with common interests to work together.
- **Blogs**, a [blogging](#) service.
- **Dogear**, a [social bookmarking](#) service.
- **Activities**, a task management tool for groups of people to work together on a specific project or task.

Lotus Connections makes significant use of open standards such as [ATOM](#) and [RSS](#) to integrate with other applications and provides a [REST-like](#) API for developers. [Widgets](#) can be added into Lotus Connections, including those from [Google Gadgets](#) and other services.

Lotus Connections is often described as the leading product in [enterprise social software](#) market.

Lotus Connections 2.5 – Wiki Mise en Page

The screenshot shows the Lotus Connections 2.5 Wiki interface. At the top, there is a navigation bar with links for Home, Profiles, Communities, Blogs, Dogear, Activities, Files, and Wikis. A search bar is located on the right side of the navigation bar. Below the navigation bar, there are tabs for 'Latest Updates' and 'My Wikis'. The main content area is titled 'Project Documentation 2009' and features a 'More Actions' button. The page content includes a breadcrumb trail 'You are in: Project Documentation 2009 > Lotus Connections', the title 'Lotus Connections', and a star rating of 0. The page is updated today at 10:06 PM by 'S...'. The main text describes IBM Lotus Connections as a Web 2.0 social software application licensed by the Lotus Software division of IBM. It mentions that the application was announced at Lotusphere 2007 and that Version 2.5 is expected to be released in mid-2009. A list of six key modules is provided: Homepage, Profiles, Communities, Blogs, Dogear, and Activities. The page also includes a 'Subscribe to this page' link and a notification section for page changes and comments.

Lotus Connections 2.5 – Wiki Comparaison de Versions

The screenshot shows the Lotus Connections 2.5 Wiki interface. At the top, there is a navigation bar with links for Home, Profiles, Communities, Blogs, Dogear, Activities, Files, Wikis, Help, and Log Out. Below this is a secondary navigation bar with 'Latest Updates' and 'My Wikis' tabs, a search box, and a dropdown menu set to 'All Areas'. The main content area is titled 'Project Documentation 2009' and contains a breadcrumb trail: 'You are in : Project Documentation 2009 > Lotus Connections > Version Comparison'. The page title is 'Lotus Connections : Version Comparison'. A 'Wiki text comparison' section shows two versions of the page. The left version is 'created today at 10:06 PM by Rishi S. Wankar' and the right version is 'created today at 10:04 PM by Rishi S. Wankar'. A 'Refresh' button is between them. Below the versions, a key indicates that orange text is 'Deleted' and green text is 'New/Changed'. The main text of the page describes Lotus Connections as a Web 2.0 social software application licensed by IBM, with a goal to empower companies. It mentions the announcement at Lotusphere 2007 and the release of versions 1.0, 2.0, and 2.5. A list of six key modules is provided: Homepage, Profiles, Communities, Blogs, Dogear, and Activities. The page also notes that Lotus Connections uses open standards like ATOM and RSS and provides a REST-like API.

The goal of Lotus Connections is to empower companies to be more innovative and help them execute more quickly by using dynamic networks of co-workers, partners and customers.

Lotus Connections (or 'Connections' for short) was announced at [Lotusphere](#) 2007, and Version 1.0 shipped later that year on [June 27](#). Version 2.0 shipped in June 2008 and Version 2.5 was announced at Lotusphere 2009. Version 2.5 is expected to be released in mid-2009.

Lotus Connections (or 'Connections' for short) was announced at [Lotusphere](#) 2007, and Version 1.0 shipped later that year on [June 27](#). Version 2.0 shipped in June 2008 and Version 2.5 was announced at Lotusphere 2009. Version 2.5 is expected to be released in mid-2009.

[Lotus Connections](#) has six key modules:

- Homepage** a portal site which can federate information from many sources.
- Profiles**, a social network service - primarily used to find people in the organisation.
- Communities**, a collaborative space for people with common interests to work together.
- Blogs**, a blogging service.
- Dogear**, a social bookmarking service.
- Activities**, a task management tool for groups of people to work together on a specific project or task.

[Lotus Connections](#) makes significant use of open standards such as ATOM and RSS to integrate with other applications and provides a REST-like API for developers. Widgets can be added into Lotus Connections, including those from Google Gadgets and other services

[Lotus Connections](#) is often described as the leading product in enterprise social software market.

Communautés : Améliorations fonctionnelles

- Mise en place aisée des communautés
- Propose un ensemble étendu d'outils pour répondre aux besoins et atteindre les objectifs de la communauté
- Capacité accrue de paramétrage des éléments pour chaque communauté

Exemple : Personalisation

The screenshot displays the Lotus Connections interface for the 'Green Hands Community'. At the top, navigation tabs include Home, Profiles, Communities (selected), Blogs, Dogear, Activities, Wikis, and Files. The user 'Jasmine Haj' is logged in. The main content area features a 'Customize your Community Design' section with the instruction 'Click on one of the Themes below to change your page design...'. Four theme thumbnails are shown: Default Blue, Classic Red, Golden Coffee, and Emerald Green (selected). Below the thumbnails are radio buttons for each theme and 'Save' and 'Cancel' buttons. To the left, a sidebar contains an 'Overview' menu with links to Forum, Bookmarks, Feeds, Members, Blog, and Wiki. Below this is a 'Tags' section with 'Related Tags' and a search bar containing 'community'. A 'Tips' box provides instructions for community members. At the bottom, a 'Blog' section includes an 'Add a New Entry' button and a list of blog entries with sorting options (Date, Title, Most Recommendations, Most Comments, Most Visits). The entries are: 'EPA Suggestions for an Environmental Office', 'What is our environmental policy', and 'Welcome to the Green Hands Community'. A yellow speech bubble points to the theme selection area, and another points to the blog entries. A red diagonal banner at the bottom right reads 'CONCEPT ILLUSTRATION'.

Exemple : Widgets

The screenshot shows the 'Green Hands Community' page in Lotus Connections. At the top, there is a navigation bar with 'Lotus. Connections' and various menu items like Home, Profiles, Communities, Blogs, Dogear, Activities, Wikis, and Files. The user 'Jasmine Haj' is logged in. Below the navigation bar, there are tabs for 'All Communities' and 'My Communities', along with a search box. The main content area is titled 'Green Hands Community' and includes buttons for 'Leave Community' and 'Mail Community'. A central widget palette titled 'Add Widgets to Your Page' is open, showing options for 'Community Activities', 'Forum', 'Additional Information', and 'Feed Reader'. The 'Community Activities' widget is highlighted with a dotted border. To the right of the palette, there is a description for the 'Community Activities' widget and a preview of a center column widget. Below the palette, there is an 'Overview' section with a green logo of four hands, tags for 'environment', 'green', and 'green-hands', and buttons for 'Edit', 'Change Theme', 'Add Widget', and 'Delete'. On the right side of the page, there are sections for 'Important Bookmarks', 'Members' (listing Ted Amado, Dennis Michaels, Natalie Olmos, and Samantha Daryn), and a 'Blog' section with an 'Add a New Entry' button. A yellow callout bubble on the left points to the widget palette with the text 'Choix des widgets nécessaires à l'animation des communautés'. A red diagonal banner at the bottom right reads 'CONCEPT ILLUSTRATION'.

New energy savings study
5 Jan
Have you seen the study that shows new energy saving methods? What are your thoughts?
[Reply](#)

11 Dec 2008 in response to Jasmine Haj
This study looks really interesting. I've not gathered my thoughts on it yet, but I will and I'll get back to you.
[Reply](#)

18 Dec 2008 in response to Frank Adams
I didn't think they had enough data to support the claims made in the report. [This report](#) is much more factual.
[Reply](#)

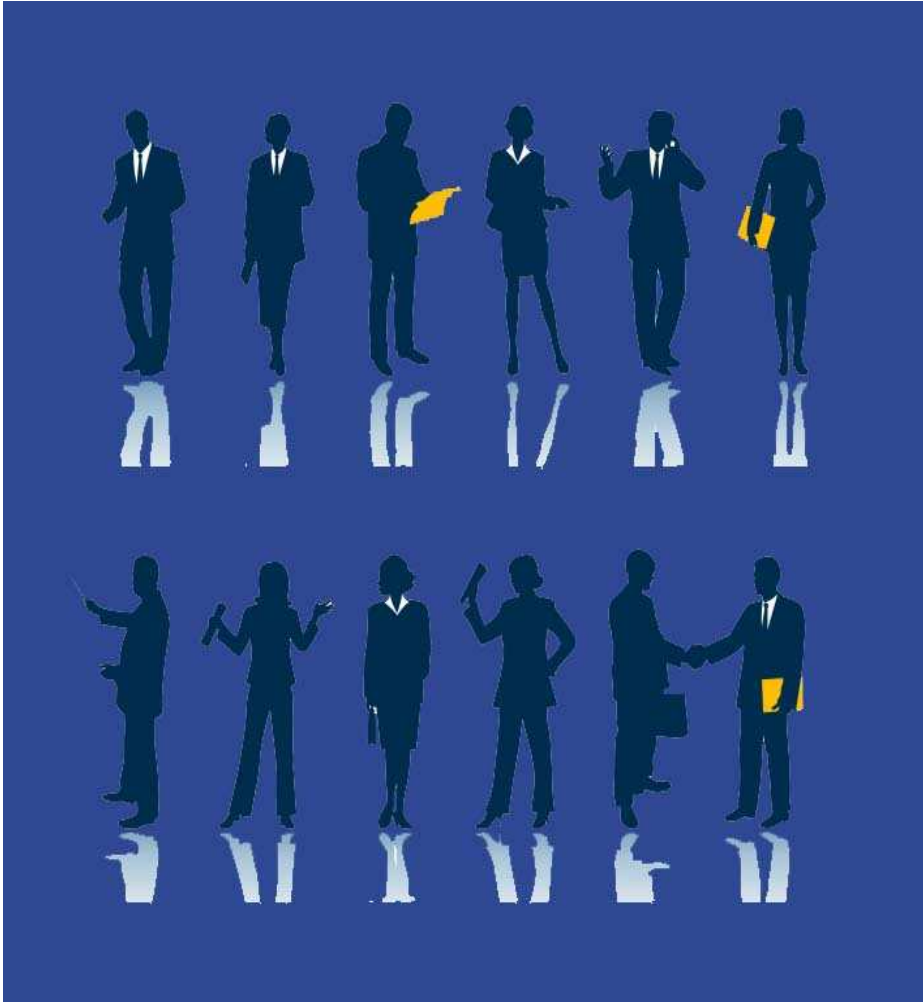

18 Dec 2008 in response to Frank Adams
Do you think we could implement some of these suggestions here at our own company? It seems like there are some easy wins for us that would make our place a better place to work. I would feel the same way about the company we worked for if we could cut our energy spending by at least 10%.

Fonctionnalités

- Paramétrage
 - Look-and-feel: thèmes, widgets
 - Extensibilité: widgets externes additionnels (APIs)
- Fonctions dédiées aux communautés
 - Blogs, Wikis, Fichiers Communs, Forums, etc...
 - Recherche transversale
- Intégration avec Sametime Advanced
- Intégration avec Lotus Quickr

Home Page

- Mise en relation plus facile avec les experts, vos collègues
- Possibilité de filtrer les information à présenter
- Choisir les sujets et flux d'information que l'on souhaite

Exemple : Home Page

The screenshot shows the Lotus Connections Home Page. At the top, there is a navigation bar with links for Home, Profiles, Communities, Blogs, Dogear, Activities, Wikis, and Files. The user is identified as Jasmine Haj. Below the navigation bar, there are tabs for Updates Page, Widgets Page, and Search. A search bar is located on the right. The main content area displays a list of updates, including status updates and blog entries. A 'Todos Calendar' widget is visible on the right side, showing the month of January 2009. Two yellow callout boxes provide annotations: one on the left describes the personalized information flows, and one in the center describes the filtering of information based on the network of people and new tags.
