

CICS V5.2

There's under one month to go until InterConnect 2015 kicks off on February 22nd... so we've put together even more great new content in preparation for the premier cloud and mobile event of the year, with z Systems session menus, videos and more. There's still time to register at ibm.biz/icregister

z Systems at InterConnect - The Overview

z Systems and our shiny new z13 box will have an big presence at InterConnect, and we want to let you know what to expect. Check out the [z at InterConnect overview video](#) below for the details. For our full InterConnect YouTube playlist, [click here!](#)

Turn services into solutions with z

z Labs @InterConnect 2015

Experience and Learn IBM
WebSphere z/OS Tools!

Session # 3005A

Monday Feb 23 3:30 - 6:30

Monday 04, South Base Ballroom II

• Are you interested in learning how to go about optimizing your CICS regions?

• Are you aware of potential MIPS saving through thread safe and affinity analysis and region consolidations?

• Are you interested in learning how to enable mobile access and uncover additional value from existing assets?

• Are you interested in trying the top-rated set of products in the z/OS problem determination space?

Then come, learn and experience IBM WebSphere z/OS Tools (IBM Problem Determination Tools for z/OS and CICS Tools) in this hands-on lab session!

You'll save for yourself how to use and derive value from these IBM z/OS tools.

Modernizing CICS - Are

You Ready to Get Your

Hands Dirty?

Session #5853A

Thursday Feb 26 2:00 - 5:00

Thursday 04, South Base Ballroom J

You have heard about some of the new technology in CICS and now you are ready to get your hands "dirty" working with some of them?

This session offers hands-on experience with a variety of features and facilities available with the latest releases of CICS. You can choose from any of the lab scenarios offered:

- CICS in the Cloud
- Java Servlets and JSPs in CICS
- Web services
- CICS Java developers using CGI
- CICS Event Processing
- Deploying applications with CICS/DA
- Performance Management
- ... and more!

Come to this session to gain hands-on experience with some of the latest CICS features and capabilities discussed here at InterConnect.

Generation z at InterConnect

Calling all new mainframers! This is your opportunity to InterConnect with people like yourselves, relatively new to the technology, but passionate about z Systems!

There will be an exclusive Generation z pre-drinks before the Rock the Mainframe show. To keep up to date with all the latest details, follow us on Twitter [@ibmgencz](#)

Want to know why InterConnect is an amazing opportunity for Gen z? [Click here to watch the video and learn more.](#)

Mainframe Mobile App Throwdown 2015

Will you enter the 2015 [Mainframe Mobile App Throwdown](#)? Register for the contest and we'll help you to prototype a mainframe mobile app in your own environment. Accelerate your mobile projects by connecting to your critical business data and transactions on z.

The great prizes on offer include a week of mobile design assistance from top IBM experts, as well as passes to the IBM Edge 2015 conference! Don't miss out - the contest is open to all z Systems clients and business partners. Start building your prototype app today - head to ibm.biz/mmathrowdown

Get a head start at InterConnect! Work 1:1 on your app with zMobile experts, hear from past winners, attend the many mobile sessions on the z track, and take part in hands-on mobile workshops!

And finally...

Don't miss these great events - tomorrow, 27 Jan!

Webcasts

1. [Mobile and business critical analytics collide: Are you prepared?](#)

IBM  *When Mobile and Analytics Collide....*

Leverage this new 'Tipping Point'.

IBM z Systems with IBM CICS can handle increased workloads without impact existing business priorities and use analytics to gain deeper insights into these transactions.. You have an opportunity to capitalize on this "always-on" mobile channel. Join us for this complimentary webcast on Jan 27 2015 @11:00am ET and learn how customers are using IBM solutions to deliver business critical insights. [Register now!](#)

2. [Next Gen Development on IBM z Systems with RDz](#)

Join this webcast to learn how Rational Developer for System z has evolved to support the development of next generation applications on IBM z Systems platforms including CICS, IMS, WAS, and DB2. The webcast will be held Jan 27th from 12:00-1:00 EST. [Register here!](#)
