z Labs @InterConnect 2015

Experience and Learn IBM WebSphere z/OS Tools!

Session #3095A

Monday Feb 23 3:30 – 6:30
Mandalay Bay, South Seas Ballroom B

- Are you interested in learning how to go about optimizing your CICS regions?

- Are you aware of potential MIPS saving though thread safe and affinity analysis and region consolidations?

- Are you interested in learning how to enable mobile access and uncover additional value from existing assets?

- Are you interested in trying the top-rated set of products in the z/OS problem determination space?

Then come, learn and experience IBM WebSphere z/OS Tools (IBM Problem Determination Tools for z/OS and CICS Tools) in this hands-on lab session!

You'll see for yourself how to use and derive value from these IBM z/OS tools.

Modernizing CICS - Are You Ready to Get Your Hands Dirty?
Session #5853A

Thursday Feb 26 2:00 – 5:00
 Mandalay Bay, South Seas Ballroom J

You have heard about some of the new technology in CICS and now you are ready to get your hands "dirty" working with some of them?

This session offers hands-on experience with a variety of features and facilities available with the latest releases of CICS. You can choose from any of the lab exercises offered:
- CICS in the Cloud
- Java Servlets and JSPs in CICS
- Web services
- CICS Java development using OSGi
- CICS Event Processing
- Deploying applications with CICS DA
- Performance Management
  …. and more

Come to this session to gain hands-on experience with some of the latest CICS features and capabilities discussed here at InterConnect.
