Installing IBM File Manager® plug-in for Eclipse into CICS Explorer™

The following steps are required in order to install IBM File Manager® plug-in for Eclipse into CICS Explorer™ environment:

1. Download and install [IBM CICS Explorer™](#)
2. Download a zip file containing IBM File Manager® plug-in for Eclipse. Find the latest version from [IBM z/OS Problem Determination Tools](#) site. The zipped file is called **cn0m.zip**.
3. Start CICS Explorer™
4. Click **Help > Software updates...**
5. Under **Available Software** tab, click **Add Site...**
6. In **Add Site** dialog, click **Archive...** button and select the zipped file.
7. Select **IBM File Manager® plug-in for Eclipse** feature from the list. Optionally you may need to select and install **EMF run-time for IBM File Manager® plug-in for Eclipse** if your CICS Explorer™ environment does not have a version of EMF run-time environment installed.
8. Click **Install...** button to install IBM File Manager® plug-in for Eclipse. Upon successful installation, the CICS Explorer™ should prompt you to restart the CICS Explorer™. Select **Yes** to re-start your CICS Explorer™.

After following the installation steps above, you should be able to start using IBM File Manager® plug-in for Eclipse. Follow the steps below to bring up **Systems Information** view:

1. Select **Window > Show View > Other...**
2. From a list of available views, select **Systems Information** view under **File Manager** category.
3. You should see Systems Information view in your perspective.

Technical support

This SupportPac is available at no charge to all licensed users of IBM File Manager® for z/OS V11, or later. It is supplied under the standard terms and conditions of the IBM International Program License Agreement (IPLA) and of the associated License Information and other documentation, and provides a defect correction entitlement for those licensed users entitled to service for IBM File Manager® for z/OS V11, or later. Service is available for this SupportPac for as long as the IBM File Manager® for z/OS product with which the SupportPac is to be used is generally supported by IBM. In addition, IBM reserves the right to discontinue service on this SupportPac when it is withdrawn from marketing by IBM. Please reference "IBM File Manager for z/OS" as the entitled product when contacting IBM and requesting support for this SupportPac.
