www.ibm.com

The screenshot shows the IBM Information Management Software - Database page. The URL is <http://www.ibm.com/information-management/database>. The page features a navigation bar with links to Home, Solutions, News, Products, Support & Services, IBM.com, and Search. A search bar is at the top right. The main content area has a "Information Management" header and several sections: "DATA IN ACTION Virtual Event" (February 25 - Register now), "Meet the Data Champions", "IBM Cognos Business Intelligence demo", "Why Information Management", "What we offer" (with sub-sections like Data Management, Enterprise Content Management, and Business Intelligence and Performance Management), and "Enterprise Business". A red circle highlights the "Business Intelligence and Performance Management" section.

www.cognos.com

The screenshot shows the Business Intelligence and Performance Management Software Solutions from IBM page. The URL is <http://www.cognos.com>. The page has a navigation bar with links to About Us, Products, Solutions, Success Stories, Support & Services, Partners, Events, and News. It features a "IBM Cognos Forum" banner for the FINANCIAL FORUM 2009. The main content area includes sections for "Business Intelligence", "Budgeting, Forecasting, and Scenario Planning", "Performance Management", "Reporting", and "Budgeting and Forecasting". Each section contains a brief description and a "View Details" link. A sidebar on the right lists "IBM Cognos Business Intelligence Demo", "Contact Sales", and "Performance Management".
