The IBM Technical Summit

IBM

< Innovate @ **SPEED** >

June 1 – 5 Orlando, Florida

## Energy Day @ INNOVATE

Tuesday, 3 June 2014 | Walt Disney World Swan and Dolphin Resort

### ENERGY DAY HIGHLIGHTS

- Innovate keynote presentation
- Luncheon and affinity roundtable discussions
- Student competition showcasing the latest innovations in energy
- Technology in Nuclear Panel
- Executive panel on clean energy progress
- Networking opportunities
- IBM® Solution Center experience

### Past, present, and future: Progress and innovation in the energy sector

Energy Day @ Innovate includes a forum that explores progress in clean energy over the last decade, and looks into the future of trends, technologies, challenges, and innovations in the energy industry. This forum features a view into energy innovations from local organizations, a panel exploring nuclear energy and systems engineering, and an expert panel presenting perspectives on the future of clean energy.

If you are already attending Innovate, you can reserve a spot and get more information about the event by sending an email to [tkulesa@us.ibm.com](mailto:tkulesa@us.ibm.com)

To register for Energy Day @ Innovate 2014, visit [ibm.com/innovate](http://ibm.com/innovate). Use the code **FLUTIL2014** and purchase the Energy Day @ Innovate pass for USD \$99.
