*An instant,
hassle-free
solution for
your Business.*

Peace of Mind for you.

Every company needs the ability to keep staff productive, customers happy and business running smoothly. This means ensuring that all your data is kept safe and accessible so that your people can respond to customers at anytime from anywhere.

Pay just
S\$1,488

The Instant Office bundle lets you set up your dream business or fortify your existing company in less than a day and enjoy:

Robust security and business continuity

24/7 automated data back-up and protection with integrated firewall, antivirus and antispam technology.

Freedom to work from anywhere, anytime and even on the go

Being in the office is not always an option but with Virtual Private Network (VPN) technology you can connect to the office remotely.

Enhanced collaboration and communication

Send and receive email and instant messages with a choice of Lotus Notes, Microsoft Outlook or web-based email interfaces.

The bundle consists of The Lotus Foundations Start Solution (10 licenses), Samsung CLP-660ND Laser Printer and the IBM System x3200M2.

Call 6488-5112 or email keith.choy@ingrammicro-asia.com today!
