Trademarks

Documents for IBM software marketing information may include trademarks of IBM in the United States and/or other countries, and trademarks of other companies. In accordance with the IBM Corporate

Intellectual Property Law (IPL) Legal directives, those trademarks are distinguished in the following manner:

- An IBM product or service name followed, at first occurrence, by a (TM) or by a superscript (R) denotes that product or service is a trademark or registered trademark of the International Business Machines Corporation in the United States, in other countries, or both.
- Other companies trademarked or registered trademarked product or service name for which IBM has a legal agreement with the owning company is identified with a (TM) or a superscript (R).

To see an updated list of trademarks for IBM, IBM subsidiaries, and other companies, see the Legal home page at <http://www.ibm.com/Legal/copytrade.html>
