

Remember the thrill you got the first time you were in complete control?

### The feeling's back.

*Sure you were nervous when you got behind the wheel, but once you got the hang of it, barreling that baby round the track put you on top of the world.*

*Today, you're trying to manage something that's a lot more complicated. A network computing environment that includes mainframes, servers and desktops scattered all over the planet. You need a management solution. A smart one.*

*Maybe that's why so many companies are relying on us to bring order to the way they do business. Which is what Tivoli TME 10™ is all about. Because it's the only mainframe-to-desktop management solution that's highly scalable, truly open and capable of operating transparently across all major platforms (including the most popular versions of UNIX®, NetWare®, Windows®, Windows NT®, MVS®, OS/2®, and OS/400®). Plus, with Tivoli Manager for Applications, it's the one and only proven environment for mission-critical applications management.*

*And now, with all the worldwide resources of IBM® behind us, we also deliver unmatched service and support wherever you do business.*

*So, if you're ready to get back in complete control, give us a call. We can put you behind the wheel again.*
