Why Choose ObTech VertiCore?

- **Complete Integrated Business Management -** Vast experience
- **Investment Security** - Grows with your business & avoidance of costly future migration
- **Easy Adaptability** - Designed with the business processes for your industry
- **Scalable** - Can grow and adapt as your business needs change
- **Reliable** - Is built on a proven foundation of SAP software and technology
- **Predictable** - Ensures rapid payback with predictable time to value at an affordable cost

VertiCore runs on IBM DB2®, the leading database choice which is optimized for SAP software to deliver tighter integration, optimized performance and better overall value for your investment. With DB2, you will be able to rely on the ease and simplicity of an integrated installation and automated administration, as well as one-stop service and synchronized maintenance.
