Hi Lukas,
We'll need to provide Renovations with some options for location.
Can you find out from Gail how many people Renovations expects to host, then look at potential locations?
This file has capacity listings and contact info for the locations we've worked with in the past.

Hi everyone,

Thanks for the warm welcome! I'm very excited to be working with you guys too.

As Gail said, I've just finished my MBA with a focus in eBusiness. For the past year, I've also been doing a part-time internship with Mike's team, working on analytics and the effects of different marketing tactics for the website. It was a great time and really rewarding.

I'm excited to join this team and do more work with customers, really getting on the ground and working directly with clients. Looking forward to some great times, killin' it with you guys!

See you soon,
Paul Clemmons

p.s. If any of you are into biking, I plan on biking to the office every day. If you're interested, I'd definitely be down for a lunchtime riding group too. Let me know!

Hi dream team,

I just wanted to congratulate you on the big win with ZetaBank last month. It was really competitive this time, but you all came together, created solid proposals, presented well, and got it done even with lots of last-minute changes.

This client is huge, and winning against the competition was no small feat. I think a small celebration might be in order.

Thanks,

Gail
