Breakout Sessions		Wednesday
Time	**Session #**	**Session title**
Wednesday, June 4		
08:00 AM – 09:00 AM	DDZ-1843	Mainframe Skills: The Myth and the Reality
8:00 AM – 9:00 AM	DEM-2234	Becoming More Agile on the Mainframe with RD&T: Fiducia's way of Implementing CI
9:15 AM – 10:15 AM	DDZ-1174	Collaborative Development Panel: Best Practices in Implementing a Rational Team Concert Solution
9:15 AM – 10:30 AM	DEM-2043	What's in Your (e)Wallet? Transforming Payments and Transactional Capabilities
10:45 AM – 12:15 PM	DDZ-2434	Improving your time to value with Rational System z development solutions - proven practices from the pros
10:45 AM – 11:45 AM	DEM-1703	KMD Brings Mainframe Development to the 21st Century
12:30 AM – 1:30 PM	DEM-2482	Best Practices and Tips on Migrating from Legacy Mainframe Source Code Management Systems
01:45 PM – 03:15 PM	DDZ-1220	Unifying Cross Platform Development Teams at CACEIS Bank- Two Years in Production
01:45 PM – 02:45 PM	DEM-1374	Value and ROI of Migrating from Legacy Mainframe SCM to Rational Team Concert
03:00 PM – 04:00 PM	DDZ-1895	Where do all the copybooks go? And other RDz and RTC implementation questions
04:15 PM – 05:45 PM	DDZ-2314	Optimize Performance and Productivity With Latest System z Compilers
04:15 PM – 04:45 PM	DEM-1647	Retailer Opens up CICS Applications Through Mobile Enterprise
5:00 PM – 5:45 PM	DEM-2430	The DevOps Approach: Optimized Development and Debugging Solution for IBM System z

IBM Innovate: Enterprise Development on System z Abstract and speaker details at ibm.com/innovate

Breakout Sessions		Thursday
Time	**Session #**	**Session title**
Thursday, June 5		
08:30 AM – 09:30 AM	DDZ-1697	Discover Rational Team Concert with Enterprise Extensions Features for System z
08:30 AM – 09:30 AM	DEM-1446	Aetna Scaling Enterprise Java Development with Rational Application Developer
09:45 AM – 10:45 AM	DDZ-1937	Speed mainframe application delivery with continuous testing and test environment virtualization
09:45 AM – 10:45 AM	DEM-2431	AG2R-LA MONDIALE: Application Modernization Success Story
11:00 AM – 12:00 PM	DDZ-1754	Integrating IBM Rational Software into a Mainframe z/TPF Transaction-based Software Development Model
11:00 AM – 12:00 PM	DEM-1947	Calculating Your Enterprise DevOps Return on Investment
