

# IBM ISV Technical Enablement Schedule for Jan - Jun 2011

IBM INNOVATION CENTER – Let's Build a Smarter Planet

Course Title	Day(s)	Duration	Topic Covered
<b>INFORMATION MANAGEMENT</b>			
<b>DB2 9.7</b>			
DB2 9.7 Bootcamp and Oracle to DB2 9.7 Migration Clinic	4	18 – 21 Jan	<p>The bootcamp introduces features and enhancements in the latest version of DB2 for Linux®, UNIX® and Windows®. Detailed presentations and hands-on labs are included where attendees will gain in-depth knowledge of exciting new features including:</p> <ul style="list-style-type: none"> <li>• Migrating your Oracle application to DB2 9.7 in only days</li> <li>• Even deeper compression. DB2 9.7 optimizes the storage use of your table data and more.</li> <li>• Reduce the cost of administering your storage with enhancements to Partitioned Tables, Schema Management and Data Movement operations.</li> <li>• ... and more!</li> </ul> <p><b>Audience:</b> Presales, Developer, SW Engineer  <b>*Prerequisite:</b> Working knowledge of Oracle.</p>
	4	12 – 15 Apr	
DB2 for Oracle Professional	2	22 – 23 Feb	<p>The session is based on new features in IBM DB2 that make it easy to:</p> <ul style="list-style-type: none"> <li>• Leverage existing PL/SQL knowledge</li> <li>• Migrate applications</li> <li>• Reduce enablement costs</li> <li>• Support an expanded set of vendor platforms</li> <li>• Help lower the total cost of ownership</li> </ul> <p>Workshop covers the Oracle Compatibility features in DB2 9.7 and includes a demo on the migration process. It also compares Oracle and DB2 technologies to help you understand the similarities and differences.</p> <p><b>Audience:</b> Developer, SW Engineer  <b>*Prerequisite:</b> Working knowledge of Oracle.</p>
DB2 Performance Tuning and Monitoring Clinic	3	8 – 10 Mar	<p>Workshop includes focused presentations and labs replete with "How to's" and "Best Practices" intended to help the attendee master the intricacies of maintaining a healthy and robust DB2 based information management system including:</p> <ul style="list-style-type: none"> <li>• How to gather critical system resource information.</li> <li>• Best Practices for Database Design.</li> <li>• How to start with a strong foundation via good configurations for optimal performance.</li> <li>• What performance metrics to monitor and collection methods ...and more!</li> </ul> <p><b>Audience:</b> Developer, SW Engineer  <b>*Prerequisite:</b> Intermediate or working knowledge of DB2.</p>
	3	14 – 16 Jun	
<b>InfoSphere Guardium</b>			
Guardium Bootcamp	4	1 – 4 Mar	<p>Detailed presentations and hands-on labs on Guardium v7 are included where attendees will gain in-depth knowledge on topics including:</p> <ul style="list-style-type: none"> <li>• Guardium Product Overview</li> <li>• Guardium installation concepts, planning, and configuration</li> <li>• Auditing data servers with the Guardium System</li> <li>• Monitoring for unusual traffic</li> <li>• S-GATE and S-TAP Terminate Functions</li> <li>• What's new in Guardium v8 – new features overview and demo</li> </ul> <p><b>Audience:</b> Presales, Developer, SW Engineer  <b>*This is an introductory class.</b></p>
<b>Cognos Business Intelligence</b>			
Cognos 10 BI	3	15 – 17 Mar	<p>During the workshop, you will:</p> <ul style="list-style-type: none"> <li>• See an overview of IBM Information Management and how Cognos fits in the big picture.</li> <li>• Build business reports in the same way a business analyst produces reports using the various studios available from Cognos.</li> <li>• Experience the integration of Cognos with the Microsoft® Office tools and build enhanced dashboards.</li> </ul> <p><b>Audience:</b> Presales, Developer, SW Engineer  <b>*This is an introductory class. Knowledge of Cognos is not required.</b></p>
	3	7 – 9 Jun	
<b>Informix Dynamic Server</b>			
Informix 11.7 Bootcamp	3	10 – 12 May	<p>Include detailed presentations and hands-on labs where attendees will gain in-depth knowledge of exciting new features including:</p> <ul style="list-style-type: none"> <li>• Informix Embeddability features</li> <li>• Administration and performance tuning</li> <li>• Informix Warehouse</li> <li>• Open Admin Tool</li> <li>• Continuous Availability</li> <li>• Data compression... and more!</li> </ul> <p><b>Audience:</b> Presales, Developer, SW Engineer  <b>*This is an introductory class. For those who are new to Informix or planning to work with Informix.</b></p>
<b>WEBSHERE</b>			
<b>WebSphere Lombardi Edition</b>			
WebSphere Lombardi Edition Technical & Delivery Enablement	3	11 – 13 Jan	<ul style="list-style-type: none"> <li>• Lombardi product, architecture, iterative developer process, BPM process modelling and project implementation</li> <li>• How to build a business process definition, create data objects and activities, implement a decision gateway, run the process and modify it, perform "coach" enhancements</li> </ul> <p><b>Audience:</b> Presales, Developer, SW Engineer  <b>*Business Process Management Analysts, IT Architects, Integration Developers and Project Managers</b></p>
	3	5 – 7 Apr	

Course Title	Day(s)	Duration	Topic Covered
<b>WEBSHERE</b>			
<b>WebSphere MQ</b>			
WebSphere MQ	2	14 – 15 Feb	<ul style="list-style-type: none"> <li>• Technical overview of IBM WebSphere MQ</li> <li>• Installing, tailoring, managing and troubleshooting a WebSphere MQ system</li> </ul> <b>Audience:</b> Presales, Developer, SW Engineer <i>*This is an introductory class.</i>
<b>WebSphere Application Server</b>			
WebSphere Application Server Sales & Technical Enablement	3	8 – 10 Feb	Provides a technology overview covering some of the new major features that are embedded into IBM's latest edition to our WebSphere Application Server (WAS) portfolio. Topics that will be covered include the following:
	3	29 – 31 Mar	<ul style="list-style-type: none"> <li>• The evolution of WAS</li> <li>• WAS systems administration</li> <li>• WAS security</li> <li>• WAS development</li> </ul> <b>Audience:</b> Presales, Developer, SW Engineer <i>*This is an introductory class.</i>
	3	21 – 23 Jun	
<b>WebSphere Message Broker</b>			
WebSphere Message Broker	2	24 – 25 May	<ul style="list-style-type: none"> <li>• WebSphere Message Broker product architecture and functionality</li> <li>• Configuring the environment and establishing a broker domain</li> <li>• Administrative actions</li> </ul> <b>Audience:</b> Presales, Developer, SW Engineer <i>*This is an introductory class.</i>
<b>WebSphere ILOG</b>			
Websphere ILOG JRules	3	25 – 27 Jan	In this hands-on class, you will learn BRMS architecture and how to develop business rule applications. This will include techniques and best-practices for building efficient, easy-to-maintain applications within a service-oriented architecture (SOA). At the end of this class, you'll be ready to put business rules to work in your organization with IBM WebSphere ILOG JRules.
	3	19 – 21 Apr	<b>Audience:</b> Presales, Developer, SW Engineer <i>*This is an introductory class.</i>
Websphere ILOG Visualization	1	24 Feb	Overview of products under ILOG Visualization for 4 different platforms (Java, Adobe Flex, .NET, C++). Hands on session on one ILOG Visualization product
	1	26 May	<b>Audience:</b> Presales, Developer, SW Engineer, GUI Designer <i>*This is an introductory class.</i>
<b>LOTUS</b>			
WebSphere Portal Application V7.0 - Application integration with WebSphere Portal Server	3	21 – 23 Mar	Provides solution developers and services providers to get technical skills and hands-on experience needed to use WebSphere Portal Enable and WebSphere Portal Express. Highlights include: <ul style="list-style-type: none"> <li>• The value offered to solution developers and services providers by WebSphere Portal products</li> <li>• WebSphere Portal features and services, with focus on portal themes and pages, site creation, customization, management, portal search, and the latest enhancements and new features</li> <li>• Security and single sign-on techniques</li> <li>• Portlet and widget development tooling</li> <li>• Web 2.0 enabling technologies... and more!</li> </ul> <b>Audience:</b> Presales, Developer, SW Engineer <i>*This is an introductory class.</i>
Lotus Web Content Management V7.0 - Developing a Web content solution	3	17 - 19 May	This workshop helps you develop an end-to-end Web content management solution that is flexible, scalable and configurable. It also includes: <ul style="list-style-type: none"> <li>• The value Lotus Web Content Management offers</li> <li>• Deployment topologies of a Lotus Web Content Management solution</li> <li>• Using Lotus Web Content Management templates to separate content creation from content delivery</li> <li>• Delivering personalized content based on personalization rules...</li> <li>• Hands-on labs</li> </ul> <b>Audience:</b> Presales, Developer, SW Engineer <i>*This is an introductory class.</i>
<b>OS TRAINING</b>			
Redhat Linux 5.5	2	24 – 25 Mar	<ul style="list-style-type: none"> <li>• Hands On Session</li> <li>• Features and functions of the Linux operating system</li> <li>• Basic system administration</li> </ul> <i>*This is an introductory class.</i>
AIX Workshop	2	26 – 27 Apr	<ul style="list-style-type: none"> <li>• Hands On Session</li> <li>• Features and functions of the AIX operating system</li> <li>• Basic system administration</li> </ul> <i>*This is an introductory class. Knowledge of AIX is not required.</i>
<b>TECHNICAL CERTIFICATION (PROMETRIC TEST)</b>			
Information Management, WebSphere and Lotus Technical Certification Day (Prometric)	1	25 Feb	You can take any Prometric exams for the Information Management, WebSphere and Lotus brand. Our suggested exams are: <b>DB2 9.7</b>
	1	10 Jun	<ul style="list-style-type: none"> <li>• Test 730 - DB2 Family Fundamentals</li> <li>• Test 731 - DB2 Certified Administrator</li> </ul> <b>WAS 7</b> <ul style="list-style-type: none"> <li>• Test 377 - IBM WebSphere Application Server Network Deployment V7.0, Core Administration</li> </ul> <b>Audience:</b> Presales, Developer, SW Engineer

**IBM Innovation Center**  
Training Room,  
15<sup>th</sup> Floor, Plaza IBM,  
8, First Avenue, Persiaran Bandar Utama,  
47800 Petaling Jaya, Selangor.

- Terms & Conditions:**
- IBM reserves the right to reschedule or replace any course
  - Max 2 pax per company, additional registration will be on waitlist
  - Free enrollment for PartnerWorld Members
  - First come first serve basis

- To Register:**  
Send an email to : [swgpb@my.ibm.com](mailto:swgpb@my.ibm.com) with the following information:
- Course Title
  - Name & Company Name
  - Designation
  - Email Address and Contact Number
