every day.

To our valued Business Partners

On behalf of everyone at IBM, we are pleased to invite you to join us in Rome from 19-21 May 2010 for our annual IBM Information On Demand Conference in Europe, Middle East and Africa (EMEA).

This is the largest IBM event in EMEA with an audience of over 2,000 attendees representing organisations from across the region and covering all industry sectors. Aimed at business and technical leaders from every industry sector, the Conference is the place to learn how organisations are turning their information into a strategic driver of innovation, business optimisation and competitive differentiation – an information-led transformation of their business.

The Information On Demand EMEA Conference is designed to bring together customers, prospects, Business Partners, IBM Executives and subject matter experts into one forum to explore and share local market dynamics and business priorities, key technical issues, and real-life experiences of implementing Information On Demand.

The Conference will run over three days and will include thought-provoking keynote sessions, Business Leadership and Technical Tracks, technical education opportunities, Hands-on Labs, and approximately 400 breakout sessions exploring the business, technical and solution scope and benefits of Information on Demand in action.

Plus..... we will have a dedicated **Business Partner Programme on Tuesday 18th May**, a day focused on providing key business, sales, marketing and solution insights and tools for you, our Business Partners. At IOD EMEA Conference we also recognise the innovation, expertise and dedication of our Business Partners with regional awards and an appreciation event.

Creating networking opportunities in an open and welcoming environment is a vital component of the event's success and the agenda, venue and social programme will actively support this.

Our Expo Solution Centre will be at the heart of the Conference. In 2010 the venue also allows us to bring you, our Business Partners, and our IBM solutions and experts together to showcase how we are leading the way with information-led transformation.

As a sponsor or exhibitor, you will have the opportunity to meet delegates and demonstrate your solutions, technology and services in order to progress deals, close existing business and generate new business opportunities.

In 2010 we will continue to increase our focus on online networking, enabling you to connect with delegates pre-, during- and post-Conference through our dedicated website and social networking activities.

The following prospectus outlines the exhibitor and sponsorship opportunities in greater detail. So, please do not hesitate to secure your premium sponsorship or kiosk now.

We look forward to welcoming you at IBM Information On Demand EMEA Conference 2010!

Sincerely,

Tony Rumans
Vice President,
Information Management

Why Sponsor?

The IBM IOD EMEA Conference is the annual forum for IBM Customers, Business Partners, Press, Analysts and IBM employees across Europe, Middle East & Africa to come together to explore the latest in Information On Demand and to share their experiences and expertise in this ever-growing community.

Become a sponsor or exhibitor and achieve your sales and marketing targets in 3 days!

Over a three day period, IOD EMEA Conference 2010 offers you an unparalleled opportunity to enhance your brand, revitalise your current customers, meet new customers and Business Partners, launch new products and generate sales leads. These activities would usually take an organisation the best part of a year to accomplish.

Demonstrate your leadership in information-led transformation

Your presence at IOD EMEA confirms your position in the market as a trusted IBM Business Partner and provider of leading information management solutions.

Make the right connections

Meet with over 2,000 delegates, including senior decision makers from your target customer and prospect organisations and grow your relationship in a unique, relaxed environment that facilitates networking and relationship building. Plus key IBM executives will be available for one-to-one meetings and sales briefings with you and your customers, helping you drive and close business onsite.

Create value faster

Save yourself months on marketing campaigns. Build and progress your pipeline as you gain access to your target customers at IOD EMEA.

See what our Exhibitors & Sponsors said about Information On Demand EMEA Conference 2009

"Communication and planning was excellent, made lots of important contacts that will drive future business"

"Lots of case studies, many customers, we have gathered lots of leads"

"Good investment for generating new business, great way to connect with new prospects"

"It was a great event - very professional and very well organised, booth set up was very good"

"Super - extremely well organised, excellent networking"

"Good opportunity to meet IBM execs, update knowledge, network with customers"

Why Sponsor? Business Partner Benefits at a Glance

A Unique Opportunity: Conference Highlights

Meet over 2,000 delegates from leading organisations at the largest IBM event in the Europe, Middle East and Africa region:

- Showcase your solutions in order to develop awareness, generate leads, deepen relationships and ultimately increase sales
- Take advantage of invaluable networking opportunities with customers, prospects, industry experts, peers and IBM executives, pre-, during-, and post-Conference
- Generate revenue by progressing and closing existing deals
- Dedicated Business Partner Programme on Tuesday 18th May
- Not to be missed keynotes from inspiring and highly knowledgeable customer and industry thought leaders
- Industry and Engineering roundtables, and Mini-Theatre discussions on the latest technical advances
- Differentiate yourself in your markets by learning more about the full breadth of Information On Demand offerings in the marketplace
- Gain insight into IBM's Information On Demand strategy and vision, as well as the whole IBM solution portfolio that supports information-led transformation including: Business Intelligence and Performance Management, Data Management, InfoSphere software for trusted information - Information Integration, Data Warehouse and Master Data Management, Enterprise Content Management, Business Analytics and Optimisation, plus IBM Global Business Services, IBM Systems & Technology Group, IBM Global Technology Services, IBM Research and more
- Learn more about the wider IBM portfolio to increase your footprint and grow cross-sell opportunities
- Gain insight into IBM's exciting smarter planet initiative

Expo Solution Centre: the hub for Networking and Access to Delegates

We are constantly looking to improve the event and we aim to make the Expo Solution Centre an even bigger success for you in 2010. The Expo Solution Centre:

- Is the heart of the Conference, situated in between all meeting rooms, ensuring a continual flow of traffic
- Is open throughout the duration of the Conference
- Will host many networking opportunities and is the central catering point, driving optimal traffic
- Is the place where people meet and conduct business, enabling Business Partners to demonstrate their offerings, meet with customers and prospects, and establish new contacts within IBM
- Brings together our Business Partner and IBM solutions and experts into a single, united Information On Demand Expo Solution Centre showcase
- Offers multiple sponsorship opportunities for Partners to engage with attendees

Why Sponsor? Audience

We bring Customers and Prospects directly to you

It can take months of networking and extensive marketing spend to gain access to your target customers. IOD EMEA Conference brings together the audience you want to meet under one roof. In 2009 we welcomed an increasing number of senior decision makers from loyal customers across all industries and from over 50 countries, who all share a high level of engagement with IBM and its Business Partners.

Information On Demand EMEA Conference 2010 will bring together over 2,000 attendees from leading organisations throughout Europe, Middle East and Africa, with a strong mix of both business and technical decision-makers.

Our Information On Demand Conference 2009 attendees included:

- 2,000 delegates from over 50 countries, representing organisations from Retail & Consumer Products, Transportation & Travel, Banking & Financial Markets, Insurance, Communications Service Providers, Utilities & Energy, Government, Healthcare & Life Sciences, Manufacturing & Industrial Products and Media & Entertainment
- 48% Senior Decision Makers, 41% Technical, 11% Sales & Marketing
- CEO/President up from 2% in 2008 to 4% 2009
- LOB Manager up from 5% in 2008 to 22% in 2009
- CIO/CTO up from 6% 2008 to 9% in 2009
- Over 55 Journalists and Industry Analysts
- Over 90% of attendees surveyed said they would definitely attend again

Why Attend?

Business Partner Programme, Tuesday 18th May

A Business Development Programme, exclusively for our IBM Business Partners, will be held immediately prior to the Conference. The sessions will be designed to help you maximise performance and solidify how we can go to market together to drive business results. You will hear from industry, solution, technical, sales and marketing experts who will provide critical business information to help sharpen your Information On Demand portfolio knowledge, refine your sales strategy, and define your marketing plans for 2010 and beyond. The Business Partner Programme will give you fresh ideas on closing business, cross-selling across the IBM portfolio, and generating more revenue.

The Business Partner Programme is the one session that pulls everything together to enable you, our Business Partners, to optimise your Information on Demand 2010 experience. Get the inside track on our strategy and plans before your clients and prospects arrive. We also recognise the innovation, expertise and dedication of our Business Partners with regional awards and an appreciation event. Let us show you how committed we are to you and your future and join us for our Business Partner Programme!

**1 in 3 business leaders frequently
make critical decisions without the
information they need.**

Rome

Conference Venue **Rome Marriott Park Hotel**

The Rome Marriott Park Hotel is one of the largest convention centre hotels in Europe. Set in rich Mediterranean parkland, the hotel is situated conveniently between Rome city centre and Rome Fiumicino International Airport.

Featuring world-class facilities, luxury accommodation, a brand new Spa and wellness centre, and large indoor and outdoor networking areas, including an impressive lobby containing paintings by the artist Antonella Cappuccio – this unique and distinguished hotel provides an ideal venue for IOD EMEA 2010.

Again, the hotel will be wholly occupied by IBM customers, Business Partners and employees throughout the Conference, offering a great place to talk and socialise. We have negotiated special rates at the Conference hotel, please check our website for more information. In addition we recommend a range of alternative hotels from different categories, which are close to the Conference location.

For more details on Rome Marriott Park Hotel, please go to: www.romemarriottpark.com

Location

For IOD EMEA Conference 2010, we are moving to the vicinity of the dramatic and exciting city of Rome. Capital of Faith and Culture, Rome is the birthplace of western civilization, where past and present join together in perfect harmony. The “Eternal City” provides the most spectacular backdrop for history and passion and is probably one of the world’s most breath-taking and photogenic cities.

Rome’s history as a city spans over two and a half thousand years. It was the centre of the Roman Empire which dominated Europe, North Africa and the Middle East for four hundred years from the 1st Century BC until the 4th Century AD. Rome has a significant place in Christianity and is the present day home of the Roman Catholic Church and the site of the Vatican City, an independent city-state run by the Catholic Church. Central Rome is one of the few major European cities which remains essentially Renaissance and Baroque in character.

Rome’s world-famous landmarks are spectacular and include the Colosseum, the Forum and the Pantheon. As well as the Vatican and Sistine Chapel, the Trevi Fountain, St Peter’s Square, the Spanish Steps and the exciting piazzas – Piazza Navona being the most famous.
