# European zSecure User Group 2014

You are invited to join us for the 4th European zSecure User Group meeting! This is a two-day technical event that is dedicated to the IBM Security zSecure products. Forming part of your ongoing professional development, this valuable education consists of presentations and demos from zSecure Development, zSecure Specialists and customers. The event will enable you to:-

- **Learn** about new functions and features from the zSecure Development team
- **Share** user experiences and tips
- **Maximise** your use of zSecure to help improve Security on your Mainframe
- **Network** with System z Security professionals, Business Partners and IBMers
- **Influence** future product content with requirements

The User Group will be run in London on the **1st & 2nd July** followed by Frankfurt on the **3rd & 4th July**. The agenda for both venues is almost identical with some minor adjustments to cater for local requirements. Regardless of where you live, you are welcome to attend either event. In both cases there is **no-charge for attending**, however you will be required to cover your travel and lodging expenses.

Please read on for the dates, venue and link to the agenda and registration. . . .
