## About this document

This document provides details of all the APAR service fixes that impact upon documentation for IBM Problem Determination Tools for z/OS Common Component for z/OS Version 1.7, since the most recent edition of the product manual. This edition is:

- Customization Guide and User Guide (SC19-4159-02) - Third Edition

The Addendum document is divided into two parts:

- **Part 1: PTF/APAR documentation changes**

This section lists the changes to the Problem Determination Tools for z/OS Common Component Version 1 Release 7 documentation that are required to reflect new behavior resulting from the application of APAR fixes.

The fixes are listed by PTF number, in reverse date order, so that the most recently released fix appears at the beginning of the document. Each description shows:

- The set of PTF numbers in the release
- The date of the PTF release
- The APARs included in the released fix
- Details of those APAR changes that affect documentation
- Page references for the manuals affected by the change

**Note:**

1. This document does **not** describe those APAR fixes that do not have an impact upon documentation.
2. The enhancements and corrections described in this section are only available after applying the listed PTFs for the APAR.

- **Part 2: General documentation changes**

This section describes enhancements, corrections and updates in the documentation for Problem Determination Tools for z/OS Common Component for z/OS Version 1 Release 7. These changes are not associated with PTF numbers, as they do not require the application of any code updates.

The changes are in reverse date order. That is, the most recent documentation change appears at the beginning of the section.

The page numbers referenced in this document are the page numbers in the latest version of the relevant PDF. The page number refers to the start of the section or subsection.

There are no changes listed in this Addendum. At the moment, the -02 edition of the Customizing Guide and User Guide is up to date.

## **Part 1. PTF/APAR documentation changes**

---

## **Ulnone**

The current (-02) edition of this document is up to date. There are no PTFs or APARs applicable.

---

## Part 2. General documentation changes

This section describes enhancements and updates in the documentation for Problem Determination Tools for z/OS Common Component for z/OS Version 1 Release 7. These changes are not associated with individual APAR or PTF numbers, as they do not require the application of any code updates.

The changes are grouped by manual and listed within each section in reverse date order. That is, the most recent documentation change appears at the beginning of each manual section.

There are no general documentation changes.
