

Strategic Computer Solutions

Company overview: At Strategic Computer Solutions, our goal is to be your vendor of choice. We have built a reputation as the IT Company you can depend on to keep your infrastructure operational, to bring the right expertise for the job at hand, and to provide you with information on new technologies that make sense for your business. As a Premier IBM eServer, Storage, and Software Business Partner with extensive coverage in the Northeast, including the State of Ohio, we are an acknowledged industry leader. IBM has awarded us the coveted IBM Beacon Award, VAR Magazine has awarded us the State & Local Government Award, and Inc. Magazine has recognized our company as one of the fastest growing IT companies in the United States.
