For example, this license does not include inbound connections to the database from other applications for queries or report generation except for applications accessing the Master Console for IBM TotalStorage SAN File System administrative data residing in the DB2 database for report generation only and not for other data management purposes. You are authorized to install and use these components only with and on the same machine as Master Console for IBM TotalStorage SAN File System.

The following paragraphs titled "DISABLING DEVICE," "MULTIPLE COMPONENT VERSIONS," "THIRD PARTY COMPONENTS," "SOURCE CODE," and "EXCLUDED COMPONENTS" apply to your use of Master Console for IBM TotalStorage SAN File System Software components, and the term "Program" in these paragraphs shall mean the Master Console for IBM TotalStorage SAN File System Software components.

DISABLING DEVICE: The Program may include a disabling device that will prevent certain features from being used. You will not tamper with such disabling device or otherwise change the Program.

MULTIPLE COMPONENT VERSIONS: The media for the Program may include multiple versions of the same Program component, such as versions designed for different operating systems and versions translated into different languages. Each Proof of Entitlement for the Program authorizes you to use a single version of a Program component. You are not authorized to use multiple versions of the same Program component under the same Proof Entitlement, even if multiple versions of a component are included on the media for the Program.

THIRD PARTY CODE: The Program and future updates and fixpacks to the Program may contain certain third party components which are provided to you under terms and conditions which are different from this Agreement, or which require IBM or third parties that provide IBM products ("Third Parties") to provide you with certain notices and/or information. For each such third party component, either IBM or Third Parties will identify any such third party component in a "README" file (or in an updated "README" file accompanying the fixpack or update), or in a file or files referenced in such "README" file (and shall include any associated license agreement, notices and other related information therein), or the third party component will contain or be accompanied by its own license agreement (for example, provided when installing or starting such component, or accompanying such component in a file entitled "README", "COPYING", "LICENSE" or a substantially similar title, or included among the Program's paper documentation, if any). Your use of each third party component which contains or is accompanied by its own license agreement, or for which IBM or Third Parties have identified a license agreement in one of the above "README" files (or in a file or files referenced therein), will be subject to the terms and conditions of such other license agreement, and not this Agreement. By using or not uninstalling such third party components after the initial installation of such third party components (thereby giving you access to the applicable license agreements, notices and information), you acknowledge and agree to all such license agreements, notices and information, including those provided only in the English language. You agree to review any updated "README" files which accompany updates and fixpacks to the Program.

The Program contains the following third party components:

- Help System 2.1.3 (source code only)
- SNIA CIMON

SOURCE CODE: Some of the components of the Program may be provided in source code form. Notwithstanding anything to the contrary in this Agreement, Program services are only provided for the unmodified, binary code versions of these components included in the Program packaging, and not for the source code for these components or for any modifications of such components you may create.

EXCLUDED COMPONENTS: Notwithstanding the terms and conditions of any other agreement you may have with IBM or any of its related or affiliated companies (collectively "IBM"), the following terms and conditions apply to all "Excluded Components" identified in this License Information document: (a) all Excluded Components are provided on an "AS IS" basis; (b) IBM DISCLAIMS ANY AND ALL EXPRESS AND IMPLIED WARRANTIES AND CONDITIONS INCLUDING, BUT NOT LIMITED TO, THE WARRANTY OF NON-INFRINGEMENT OR INTERFERENCE AND THE IMPLIED WARRANTIES AND CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE; (c) IBM WILL NOT BE LIABLE TO YOU OR INDEMNIFY YOU FOR ANY CLAIMS RELATED TO THE Excluded Components; and (d) IBM will not be liable for any direct, indirect, incidental, special exemplary, punitive or consequential damages with respect to the Excluded Components.

The following are Excluded Components:

- Help System 2.1.3
- Tomcat 4.0.6
- Lucene 1.2
- XML4J 4.0.13
- Ant 1.4.1
- ZLIB 1.2.1
- PuTTY 0.53b
- net-SNMP 4.2.3
- Open SLP 1.0.9
- SNIA CIMOM 0.7

The following subset of Excluded Components was obtained from Eclipse.org: Help System 2.1.3, Tomcat 4.0.6, Lucene 1.2, XML4J 4.0.13, Ant 1.4.1 (herein collectively referred to as "Eclipse Code"). Notices and important information, including instructions for obtaining source code, for the Eclipse Code may be found in associated "about.htm" files ("About Files") located in a directory for the Eclipse Code.

THE FOLLOWING ADDITIONAL TERMS AND CONDITIONS APPLY TO Help System 2.1.3, including its components, WHICH ARE ACTUAL PROJECTS MAINTAINED BY ECLIPSE.ORG ITSELF (COLLECTIVELY "ECLIPSE PROJECTS")

THE ECLIPSE PROJECTS WERE LICENSED BY IBM FROM ECLIPSE.ORG UNDER THE TERMS OF THE COMMON PUBLIC LICENSE ("CPL"). THE CONTRIBUTORS (AS DEFINED IN THE CPL) OF SUCH ECLIPSE PROJECTS HAVE PROVIDED THEIR CONTRIBUTIONS "AS IS" WITHOUT WARRANTY OR CONDITION OF ANY KIND EITHER EXPRESS, IMPLIED, OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OR CONDITIONS OF TITLE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. IN NO EVENT WILL THE CONTRIBUTORS BE LIABLE FOR ANY LOST PROFITS, LOST SAVINGS, LOST REVENUE, LOST DATA, OR FOR ANY DIRECT, INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES, EVEN IF IBM OR THE CONTRIBUTORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH LOSSES OR DAMAGES. ANY PROVISIONS IN THE IBM PROGRAM LICENSE AGREEMENT OR OTHER END USER LICENSE THAT RELATE TO THE ECLIPSE PROJECTS WHICH DIFFER FROM THE CPL ARE OFFERED BY IBM ALONE AND NOT BY ANY OTHER PARTY INCLUDING, WITHOUT LIMITATION, ANY CONTRIBUTOR.

Notwithstanding anything to the contrary in the About Files, the following licenses apply to your use of the Eclipse Code and Eclipse Project.

THIRD PARTY CODE: The Program and future updates and fixpacks to the Program may contain certain third party components which are provided to you under terms and conditions which are different from this Agreement, or which require IBM or third parties that provide IBM products ("Third Parties") to provide you with certain notices and/or information. For each such third party component, either IBM or Third Parties will identify any such third party component in a "README" file (or in an updated "README" file accompanying the fixpack or update), or in a file or files referenced in such "README" file (and shall include any associated license agreement, notices and other related information therein), or the third party component will contain or be accompanied by its own license agreement (for example, provided when installing or starting such component, or accompanying such component in a file entitled "README", "COPYING", "LICENSE" or a substantially similar title, or included among the Program's paper documentation, if any). Your use of each third party component which contains or is accompanied by its own license agreement, or for which IBM or Third Parties have identified a license agreement in one of the above "README" files (or in a file or files referenced therein), will be subject to the terms and conditions of such other license agreement, and not this Agreement. By using or not uninstalling such third party components after the initial installation of such third party components (thereby giving you access to the applicable license agreements, notices and information), you acknowledge and agree to all such license agreements, notices and information, including those provided only in the English language. You agree to review any updated "README" files which accompany updates and fixpacks to the Program.

The Program contains the following third party components:

For each such third party component, either IBM or Third Parties will identify any such third party component in a "README" file (or in an updated "README" file accompanying the fixpack or update), or in a file or files referenced in such "README" file (and shall include any associated license agreement, notices and other related information therein), or the third party component will contain or be accompanied by its own license agreement (for example, provided when installing or starting such component, or accompanying such component in a file entitled "README", "COPYING", "LICENSE" or a substantially similar title, or included among the Program's paper documentation, if any). Your use of each third party component which contains or is accompanied by its own license agreement, or for which IBM or Third Parties have identified a license agreement in one of the above "README" files (or in a file or files referenced therein), will be subject to the terms and conditions of such other license agreement, and not this Agreement. By using or not uninstalling such third party components after the initial installation of such third party components (thereby giving you access to the applicable license agreements, notices and information), you acknowledge and agree to all such license agreements, notices and information, including those provided only in the English language. You agree to review any updated "README" files which accompany updates and fixpacks to the Program.

The Program contains the following third party components:

- Help System 2.1.3 (source code only)
- SNIA CIMON

SOURCE CODE: Some of the components of the Program may be provided in source code form. Notwithstanding anything to the contrary in this Agreement, Program services are only provided for the unmodified, binary code versions of these components included in the Program packaging, and not for the source code for these components or for any modifications of such components you may create.

EXCLUDED COMPONENTS: Notwithstanding the terms and conditions of any other agreement you may have with IBM or any of its related or affiliated companies (collectively "IBM"), the following terms and conditions apply to all "Excluded Components" identified in

this License Information document: (a) all Excluded Components are provided on an "AS IS" basis; (b) IBM DISCLAIMS ANY AND ALL EXPRESS AND IMPLIED WARRANTIES AND CONDITIONS INCLUDING, BUT NOT LIMITED TO, THE WARRANTY OF NON-INFRINGEMENT OR INTERFERENCE AND THE IMPLIED WARRANTIES AND CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE; (c) IBM WILL NOT BE LIABLE TO YOU OR INDEMNIFY YOU FOR ANY CLAIMS RELATED TO THE Excluded Components; and (d) IBM will not be liable for any direct, indirect, incidental, special exemplary, punitive or consequential damages with respect to the Excluded Components.

The following are Excluded Components:

- Tomcat 4.0.6
- Lucene 1.2
- XML4J 4.0.13
- Ant 1.4.1
- ZLIB 1.2.1
- PuTTY 0.53b
- net-SNMP 4.2.3

The following subset of Excluded Components was obtained from Eclipse.org: Help System 2.1.3, Tomcat 4.0.6, Lucene 1.2, XML4J 4.0.13, Ant 1.4.1 (herein collectively referred to as "Eclipse Code"). Notices and important information, including instructions for obtaining source code, for the Eclipse Code may be found in associated "about.htm" files ("About Files") located in a directory for the Eclipse Code.

THE FOLLOWING ADDITIONAL TERMS AND CONDITIONS APPLY TO Help System 2.1.3, including its components, WHICH ARE ACTUAL PROJECTS MAINTAINED BY ECLIPSE.ORG ITSELF (COLLECTIVELY "ECLIPSE PROJECTS")

THE ECLIPSE PROJECTS WERE LICENSED BY IBM FROM ECLIPSE.ORG UNDER THE TERMS OF THE COMMON PUBLIC LICENSE ("CPL"). THE CONTRIBUTORS (AS DEFINED IN THE CPL) OF SUCH ECLIPSE PROJECTS HAVE PROVIDED THEIR CONTRIBUTIONS "AS IS" WITHOUT WARRANTY OR CONDITION OF ANY KIND EITHER EXPRESS, IMPLIED, OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OR CONDITIONS OF TITLE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. IN NO EVENT WILL THE CONTRIBUTORS BE LIABLE FOR ANY LOST PROFITS, LOST SAVINGS, LOST REVENUE, LOST DATA, OR FOR ANY DIRECT, INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES, EVEN IF IBM OR THE CONTRIBUTORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH LOSSES OR DAMAGES. ANY PROVISIONS IN THE IBM PROGRAM LICENSE AGREEMENT OR

OTHER END USER LICENSE THAT RELATE TO THE ECLIPSE PROJECTS WHICH DIFFER FROM THE CPL ARE OFFERED BY IBM ALONE AND NOT BY ANY OTHER PARTY INCLUDING, WITHOUT LIMITATION, ANY CONTRIBUTOR.

Notwithstanding anything to the contrary in the About Files, the following licenses apply to your use of the Eclipse Code and Eclipse Project.

- Your use of the object code for any Eclipse Code is governed by the terms of this end user license agreement unless otherwise set forth above, subject to the Excluded Components provision(s).
- Your use of the source code for any Eclipse Code including, but not limited to the components subject to an Apache license, is governed by the terms of this end user license agreement unless otherwise set forth above.
- Notwithstanding the foregoing, your use of source code for any Eclipse Projects is governed by the terms of the Common Public License referenced in the applicable About File.
