

LICENSE INFORMATION

This License Information supersedes and replaces the License Information set forth in the IBM License Agreement displayed during the installation process for this program.

The Programs listed below are licensed under the following terms and conditions in addition to those of the International Program License Agreement.

Program Name: IBM TotalStorage Expert V2R1
Program Number: 5648-TSE
Authorization for Use on Home/Portable Computer for ETL feature: 2
Authorization for Use on Home/Portable Computer for ESS feature: 3
Program Services End Date: 2004/03/31

Explanation of terms:

Authorization for Use on Home/Portable Computer:

“1” means that the Program may be stored on the primary machine and another machine, provided that the Program is not in active use on both machines at the same time.

“2” means that you may not copy and use this Program on another computer without paying additional license fees.

“3” means that the program may be stored on multiple machines, provided that the total number of terabytes being managed does not exceed the capacity level that was purchased.

Program Services End Date:

The Program is warranted and program services will be available until the end date specified above.

Money-back Guarantee

If for any reason you are dissatisfied with the Program, return it within 30 days from the invoice date, to the party (either IBM or its reseller) from whom you acquired it, for a refund. This applies only to your first acquisition of the Program.

Specified Operating Environment

The Program's specifications and specified operating environment information may be found in documentation accompanying the Program, if available, such as a read-me file, or other information published by IBM, such as an announcement letter.

Program-unique Terms

DB2 UDB COMPONENTS: The Program includes portions of DB2 Universal Database. You are authorized to install and use one copy of these components only in association with your licensed use of the TotalStorage Expert for the storage and management of data used and generated by the program, and not for other data management purposes. For example, this license does not include inbound connections to the database from other applications for queries or report generation except for applications accessing the TotalStorage Expert administration data residing in the DB2 database for report generation only and not for other data management purposes. You are authorized to install and use these components only with and on the same machine as the TotalStorage Expert.

Limited Use IBM WebSphere Application Server, Advanced Single Server Edition

The Program is accompanied by a copy of the IBM WebSphere Application Server, Advanced Single Server Edition (WAS). For each Program server Proof of Entitlement (PoE), you are entitled to install and use, from the media provided with the Program, one copy of each of the WAS components required to support your licensed use of the Program. Your use of the WAS components is limited to use in support of your licensed use of the Program, and is subject to the terms and conditions of the license agreement (except as limited in this paragraph) which accompanies WAS. The WAS components may not be used for any other purpose.
