This proposition was adopted. The communications of the Mayor were then reads "He requested the Council should fix she minimum of those lots which are to be seld on Monday next. He communicated a letter from the Mayor of Mobile who transmitted a resolution of council of that city; and he requested the appellation of the late accorded to the sufferers by the consagration at Mobile.

The letter flow the Mayor of Mobile supresses great regret that the rq of France. The best harmony forms to that although at the time they received St. Philip street Ball room. members in opposition to the govern-fan application for assistance, they have since been applied to by a number of the sufferers. And that at no time has the donation of New-Orleans been considered other, than the generous commiseration of a neighbouring city. He adds that he will draw on the Mayor of New-Oricans for the # 1000 dollars, which will be distributed with most necessitous of the sufferers de ...

A reading matches gives of the reso-lation of the profile of Mobile, of Dec. 10, speciments that the Mayor had not thought proper to draw on New Orleans on autount of the manner the council of N. Orleans had interproted the letter and resolutions of the council of Mobile; that the council approves of the conduct of the Mayor of Mobile, and the reasons which actuated him It was resolved that the council denies ever having treated with disrespect the effer of the council of New-Orleans, and that they approve of the letter of the Mayor of Mobile which con-Superbs propriétée, situé Por some days past a report has been tained the resolutions of the council; and that notwithstanding the instruction given to their proceedings by the council of N. Orleans, they authorise the Mayor to draw immediately on the Mayor N. Orleans for the sum offered

by the council of that city. Mr. Canonge observed that although The blockade of Algiers was continue the letter from the Mayor of Michile was expressive of gratitude and politeness, the letter of the council preserved that pride which is so well calculated to mortify and displease, and that although there remains nothing more to be done with regard to the donation, yet it is proper to inv before the public the resuit of an affair the commencement of which is already known. He consequently requested that the communications of the Mayor of Mobile, be written on the registers, and that it make part of the journal of this sitting, which

is to be published. The counsellor for the city sent a ommunication to the council, transmitting the propositions of Mr. Davis, reliting to the debt of which payment of Sulphurous Baths from St. Ann Street, has been asked of him.

Air. Davis, having considered on the means of paying the debt, finds no other than the sale of the property. Conse quently he offers to sell to the city his theatre in bonds of from 1 to 10 years, at a low interest. That he will become the tenant of the city, and by means of the bonds he will be enabled to settle with his creditors.

After some discussion concerning the most suitable measures to effect at once the payment of the debt due by Mr. Davis, and to continue to your citizens the enjoyment of a most elegant and useful amusement, by not selling the thezire; it was on a motion of Mr. Canonge, seconded by Mr. White, resolved that a committee should be appointed to confer with Mr. Davis on the means most likely to be advantageous to the city, without being onorous to him. Mesers. Rodriguez, Canonge and White, were named as the committee.
