2

Assessment Tasks

3

Assessment - Overview

1. **Book chapter** (55%):
   (Due by 9am Mon W13)
2. **Multimedia** (25%)
   (Due by 9am Mon W14)
3. **Quizzes** (20%)
   (Due by 9am Mon W9 & W15)

4

The assessment tasks are designed to addresses the unit's learning outcomes & generic skills

Learning outcomes
- Students will be able to **integrate theories and current research** towards explaining the role of motivation and emotions in human behaviour.

Generic skills
- Communication
- Working independently and with others
- Professionalism and social responsibility

5

Book Chapter

6

Book chapter

Author a free, online, book chapter about a specific motivation and/or emotion topic.

- Learning outcome: Integrate theory and research to explain a specific topic
- Communication: Written communication of in an open, online environment. Online and face-to-face communication with staff and students to get feedback.
- Working independently & with others: Working independently & in collaboration via an open wiki platform.
- Social responsibility: Developing an educational resource which is publically available under an open license.

7

Book chapter topics

- **Table of contents**: Draft topics are available – you can edit or suggest more
- **Lecture 2 and Tutorial 1**: Discuss/expand the table of contents
- **Sign up or negotiate topic**: You can propose or sign up to a chapter topic any time by emailing the convener (with your Wikiversity and real name). You should have a topic by the end of W3.

8

Book chapter topics: Tips

Make sure the topic and content:

- Clearly relates to either motivation or emotion (and will allow you to draw on available psychological theory and research)
- Clearly relates to the book's best-seller target audience and central theme – the book chapters use psychological science to help explain how people can self-help to lead happier, more motivated lives

9

Book chapter timeline

- **Topic selection**: (W1-3)
- **Draft plan & seek feedback**: (W4-6)
- **Draft chapter & seek feedback**: (W6-10)
- **Draft final chapter & seek feedback**: (W11)
- **Submit chapter** (W13)

11

Book chapter editing

Wikiversity editing demonstration via

http://en.wikiversity.org/wiki/Motivation_and_emotion/Book

12

Wikiversity editing skills

1. Registration and logging in
2. User page
3. User talk page
4. Editing and saving
5. Edit summaries & page history
6. Signatures
7. Watching pages
8. Settings

13

Wikiversity editing skills

1. Headings
2. Bold, italics, underline
3. Colour, highlight etc.
4. Images
    1. Finding
    2. Embedding
    3. Formatting
5. Boxes
6. Tables

14

Multimedia

15

Multimedia

Create a 5 min. multimedia presentation explaining the key take-home messages covered by your book chapter.

- Learning outcome: Integrate theory and research to explain a specific topic
- Communication: Uses oral, visual, & multimedia communication skills to prepare, script, record & openly share a presentation of the authored book chapter. The exercise involves producing & publically sharing a self-recorded video, & included learning how to record a multimedia video using simple tools

16

Multimedia timeline

- **Textbook chapter topic selection**: (W1-3)
- **Develop textbook chapter** (W4-11)
- **Develop script and presentation slides** (W11-12)
- **Record presentation** (W13)
- **Submit presentation** (W14)

17

Multimedia guidelines

Review multimedia guidelines:

http://en.wikiversity.org/wiki/Motivation_and_emotion/Assessment/Multimedia

18

Multimedia equipment

1. Computer connected to the internet
2. Microphone (or headset with mic. and earphones)
3. Webcam/video camera (optional).

19

Multimedia options

Screencast
Webcam
Edited video
Animation

20

Multimedia demo

Online screencast recording demonstration using http://screenr.com

21

Multimedia skills

1. Create a plan (identify main points)
2. Create visuals (e.g., slides)
3. Develop script
4. Register accounts (e.g., Screenr, Youtube)
5. Record and share
6. Add links

22

Quizzes

23

Quizzes

16 online quizzes around each of the textbook chapters.

- **Learning outcome:** Integrate theory and research via study and testing of textbook chapter content.

- **Working independent & with others:** The exercise involves working independently to understand key knowledge and testing that of that knowledge via self-paced online quizzes.

24

Quizzes timeline

- **Quizzes 1-10** (W2-9)
- **Quizzes 11-16** (W9-15)

Quiz guidelines

Review quiz guidelines:

http://en.wikiversity.org/wiki/Motivation_and_emotion/Assessment/Quizzes

Quiz study skills

- Read the chapter
- Listen to the lecture
- Go to the tutorial
- Ask questions
- You can attempt the quiz twice and the average mark is used.
- So, if you don't do as well as you'd like first time, then study some more, and re-sit the quiz.

How to get help

- F2F before or after lectures and tutorials or by appointment
- Moodle forum
- Moodle message
- Email
- Wikiversity talk page
- Twitter
- Further assessment skill development will also be provided in tutorials

28

Open Office Impress

- This presentation was made using Open Office Impress.
- Free and open source software.
