### Agenda

#### Topics to be discussed:

- Sankey diagram
- Calculations
- Design
- Simulink

#### Discussion

- Sankey diagram: done (except for the exact speed from the calculations)
- Calculations: Pretty accurate already, but speed is too low.
- Design: triangle structure, material probably Aluminium tubes, fixed angle instead of variable for adapting to the sun's position.
- Simulink: Finished scheme, only the values have to be filled in.
